

# SLAM Exploration Ltd. Announces Upsize of Flow-Through Private Placement for Gross Proceeds of up to \$350,000

26.05.2025 | [ACCESS Newswire](#)

[SLAM Exploration Ltd.](#) (TSXV:SXL) ("SLAM" or the "Company") is pleased to announce that as a result of investor demand, the Company has increased the size of its non-brokered private placement financing, as previously announced on May 21, 2025. The Company is offering up to 10,000,000 flow-through units (the "FT Units") at a price of \$0.035 per FT Unit for aggregate gross proceeds of up to \$350,000 (the "Offering").

Each FT Unit will consist of one (1) flow-through common share (each a "FT Share") of the Company and one half (1/2) of one transferable non-flow-through common share purchase warrant (with two such half warrants being a "Warrant"). Each Warrant will be exercisable to acquire one additional non-flow-through common share of the Company at a price of \$0.05 for 24 months following the date of issuance.

The net proceeds of the Offering will be used for the exploration and advancement of the Company's projects in New Brunswick. The gross proceeds of the FT Shares sold under the Offering will be used for Canadian Exploration Expenses (within the meaning of the Income Tax Act (Canada)) which qualify as a "flow-through mining expenditure" for purposes of the Income Tax Act (Canada) related to the exploration program of the Company to be conducted on the Company's properties located in the Province of New Brunswick. The Company will renounce such Canadian Exploration Expenses with an effective date of no later than December 31, 2025.

The Offering is subject to the receipt of all necessary regulatory and other approvals, including, but not limited to, acceptance of the TSX Venture Exchange. All securities will be subject to a hold period of four months and one day from the closing date of the Offering in accordance with applicable securities laws. The Company may pay finder's fees to qualified parties in connection with the Offering.

Certain insiders of the Company may participate in the Offering. Any participation by insiders in the Offering will be considered a "related party transaction" within the meaning of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101").

The Company expects such participation will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as neither the fair market value of the Units subscribed for by the insiders, nor the consideration for the FT Units paid by such insiders, is expected to exceed 25% of the Company's market capitalization.

This news release does not constitute an offer to sell or a solicitation of an offer to sell any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.
