

T2 Metals Provides Update on Fire Situation at Sherridon VMS Project, Manitoba

29.05.2025 | [Newsfile](#)

Vancouver, May 29, 2025 - [T2 Metals Corp.](#) (TSXV: TWO) (OTCQB: TWOSF) (WKN: A2DR6E) ("T2" or the "Company") provides an update regarding the wildfire situation in the vicinity of its Sherridon copper-gold-zinc Project located near Flin Flon, Manitoba.

The Company is actively monitoring the evolving wildfire situation in the region. Recent reports from the Manitoba Wildfire Service indicate that there are active fires very near the community of Sherridon and the Company's mineral concessions. The safety of our personnel, contractors, and the local community is T2 Metals' paramount concern.

As a precautionary measure and in adherence to community evacuation measures, T2 Metals has temporarily suspended field activities at its Sherridon project site. This measure enables continuous monitoring of the situation and ensures all personnel are safe and accounted for. The Company has clear communication channels with the Manitoba Wildfire Service and local authorities to receive real-time updates and guidance.

Mark Saxon, CEO of T2 Metals Corp. said, "Our thoughts are with the community of Sherridon, the Kiciwapa Cree Nation and other individuals affected by the wildfires across Manitoba and Saskatchewan. The safety of our team and the residents of Sherridon is our top priority and we remain in close contact with the community. Field operations will resume as soon as it is safe and advisable to do so. We anticipate minimal long-term impact on our exploration schedule or loss of property, given the proactive measures taken."

About T2 Metals Corp (TSX.V: TWO) (OTCQB: TWOSF) (WKN: A2DR6E)

T2 Metals Corp is an emerging copper and precious metal company enhancing shareholder value through exploration and discovery. The Company continues to target under-explored areas, including the Sherridon, Lida, Cora and Copper Eagle projects where post-mineralization cover masks areas of high geological prospectivity in the vicinity of major mines.

Cautionary Note Regarding Forward-Looking Statements

Certain information set out in this news release constitutes forward-looking information. Forward looking statements are often, but not always, identified by the use of words such as "seek", "anticipate", "plan", "continue", "estimate", "expect", "may", "will", "intend", "could", "might", "should", "believe" and similar expressions. Forward-looking statements are based upon the opinions and expectations of management of the Company as at the effective date of such statements and, in certain cases, information provided or disseminated by third parties. Although the Company believes that the expectations reflected in

forward-looking statements are based upon reasonable assumptions, and that information obtained from third party sources is reliable, they can give no assurance that those expectations will prove to have been correct. Readers are cautioned not to place undue reliance on forward-looking statements.

These forward-looking statements are subject to a number of risks and uncertainties. Actual results may differ materially from results contemplated by the forward-looking statements. Accordingly, the actual events may differ materially from those projected in the forward-looking statements. Such risks include uncertainties relating to exploration activities. When relying on forward-looking statements to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and should not place undue reliance on such forward-looking statements. The Company does not undertake to update any forward-looking statements, except as may be required by applicable securities laws.
