

Angus Gold Inc. Reminds Shareholders of Upcoming Special Meeting

02.06.2025 | [GlobeNewswire](#)

And Provides Additional Disclosure Regarding Shareholder Approval Requirements

[Angus Gold Inc.](#) (TSX-V: GUS | OTC: ANGVF) ("Angus" or the "Company") reminds shareholders of its upcoming special meeting (the "Special Meeting") to vote on the proposed arrangement transaction (the "Arrangement") with [Wesdome Gold Mines Ltd.](#) ("Wesdome"), announced on April 7, 2025 and to be held on June 19, 2025. Shareholders must submit proxies by 5:00 p.m. (Toronto time) on June 17, 2025. Angus encourages all shareholders to vote as soon as possible.

Following a review of the Company's information circular dated May 7, 2025 (the "Circular") by the Ontario Securities Commission ("OSC"), Angus is also providing additional disclosure regarding the shareholder approval requirements under Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). At the date of the Arrangement agreement and as of the record date of May 7, 2025 (the "Record Date"), Wesdome owned 6,300,000 common shares of Angus, representing 10.4% of the outstanding shares. As a result, Wesdome is a "related party" under MI 61-101, and, as noted in the Circular, the Arrangement constitutes a "business combination." Accordingly, in addition to the 66 2/3% shareholder approval required under corporate law, the Arrangement requires "minority approval"-meaning approval by a majority of votes cast at the Special Meeting, excluding shares held by interested parties and related parties (each as defined under MI 61-101).

All 6,300,000 Angus common shares held by Wesdome will be excluded from minority approval given it is a related party to the Company. In addition, as disclosed in the Circular, Patrick Langlois and Dennis Peterson, who collectively hold 5,375,000 Angus common shares, are considered interested parties under MI 61-101, and their Angus shares will therefore be excluded from the minority approval vote. Each of the members of the Angus special committee and board of directors were aware of, and received advice with respect to, the application of MI 61-101 to the Arrangement in light of Wesdome's related party status.

As of the Record Date, 60,331,050 Angus common shares were outstanding. Shareholders holding approximately 36.5% of these common shares have entered into voting support agreements in favour of the Arrangement, representing approximately 34.3% of the common shares eligible to vote for purposes of minority approval under MI 61-101.

The OSC also requested clarification of a reference to the mix of cash and share consideration in the "Background to the Arrangement" section of the Circular. During negotiations, Wesdome proposed that Angus shareholders receive a mix of cash and Wesdome shares instead of all Wesdome shares. After a thorough review by the special committee and its independent legal and financial advisors, the special committee recommended and the Angus board agreed that this mixed consideration approach would provide greater certainty of value while still allowing shareholders to benefit from any upside in Wesdome's share price. As the definitive agreements progressed, the parties agreed to finalize the exact cash and share mix, with the price and exchange ratio fixed on April 5, 2025.
