

Capella Minerals Ltd. Announces Appointment of Nursel Atar as Strategic Advisor

11.06.2025 | [CNW](#)

[Capella Minerals Ltd.](#) (TSXV: CMIL) (OTC Pink: CMILF) (FRA: N7D2) ("Capella" or the "Company") is pleased to announce that it has strengthened its Corporate advisory team with the appointment of Ms. Nursel Atar as Strategic Advisor. Ms. Atar is a seasoned international lawyer and strategic advisor with over 30 years of experience in Corporate, Energy, and Mining law. She is the founder and senior partner of Legisterra, a boutique law firm based in Türkiye, with offices in Istanbul and Ankara, focusing on cross-border transactions, regulatory compliance, and M&A.

Nursel's appointment comes on the back of Capella's recent announcement of the signing of an exploration agreement with leading Turkish mining company, Tümad Madencilik (see Company News Release dated June 2, 2025).

Ms. Atar has advised both Canadian and international clients in high-value acquisitions of mining and energy assets in Türkiye, including projects in exploration, renewables, and offshore gas. Her legal background spans three jurisdictions-Canada, the United States, and Türkiye-with licenses to practice in Ontario, New York, and Türkiye.

Nursel earned her J.D. from Osgoode Hall Law School in Toronto and holds an LL.M. from Touro Law Center in New York. Ms. Atar has also served as a national legal expert to various United Nations agencies and acted as counsel to private sector and institutional clients in infrastructure, finance, and environmental sectors.

Nursel brings deep expertise in international deal structuring, public-private partnerships, and corporate governance. Ms. Atar currently sits on the boards of several Canadian companies operating in the energy and mining sectors in Türkiye

Eric Roth, Capella's President and CEO, commented today: "I am extremely pleased to be announcing today the appointment of Ms. Nursel Atar in the role of Strategic Advisor. I've had the privilege to have worked with Nursel previously with both [Aegean Metals Group Inc.](#) and [Mariana Resources Ltd.](#) as we were advancing our world-class Hod Maden gold-copper and Ergama gold discoveries in Türkiye. Capella is extremely fortunate to be in a position to draw on Nursel's extensive professional experience, and her global insights will be extremely valuable to the Company in both its future exploration activities and Corporate direction."

On Behalf of the Board of Capella Minerals Ltd.

"Eric Roth"

Eric Roth, Ph.D., FAusIMM
President & CEO

About Capella Minerals Ltd

Capella is a Canadian exploration and development company with a focus on global gold-copper projects and is currently exploring in the Central Lapland Greenstone Belt of northern Finland & copper-cobalt projects in central Norway.

In northern Finland, the Company's portfolio consists of 5 copper-gold projects including the priority Killerö E target (a former Anglo American copper-gold project that was never drill tested) and the Saattopora W target

(the western extension to Outokumpu Oy's Saattopora former copper-gold mine²) - all of which are located about 40km SW of Agnico Eagle's Kittilä Gold Mine², currently the largest gold producer in Europe.

In the Trøndelag Province of central Norway, the Company's focus is on the discovery of high-grade copper-cobalt massive sulfide (VMS) deposits in the former mining districts of Løkken² and Røros². The Company's portfolio includes: i) a 100% interest in the advanced exploration-stage Hessjøgruva copper-cobalt project and adjacent Kongensgruve project in the northern Røros mining district, and ii) exposure to the discovery of new satellite copper-cobalt-zinc VMS targets around the past-producing Løkken copper mine through a strategic partnership with [Teako Minerals Corp.](#) (CSE: TMIN).

Capella also holds significant equity positions in Teako Minerals Corp. (CSE: TMIN) and Grit Metals Corp. (formerly European [Energy Metals Corp.](#); TSXV: FIN) as a direct result of the recent divestiture of non-core assets.

Cautionary Notes and Forward-looking Statements

This news release contains forward-looking information within the meaning of applicable securities legislation. Forward-looking information is typically identified by words such as: believe, expect, anticipate, intend, estimate, postulate and similar expressions, or are those, which, by their nature, refer to future events. Such statements include, without limitation, statements regarding the future results of operations, performance and achievements of Capella, including the timing, completion of and results from the exploration and drill programs described in this release. Although the Company believes that such statements are reasonable, it can give no assurances that such expectations will prove to be correct. All such forward-looking information is based on certain assumptions and analyses made by Capella in light of their experience and perception of historical trends, current conditions and expected future developments, as well as other factors management believes are appropriate in the circumstances. This information, however, is subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those projected in the forward-looking information. Important factors that could cause actual results to differ from this forward-looking information include those described under the heading "Risks and Uncertainties" in Capella's most recently filed MD&A. Capella does not intend, and expressly disclaims any obligation to, update or revise the forward-looking information contained in this news release, except as required by law. Readers are cautioned not to place undue reliance on forward-looking information.

Neither the TSXV nor its Regulation Services Provider (as that term is defined in the policies of the TSXV) accepts responsibility for the adequacy or accuracy of this release.
