

# Canter Resources to Attend Fastmarkets Lithium Supply & Battery Raw Materials Conference in Las Vegas

20.06.2025 | [Newsfile](#)

Vancouver, June 20, 2025 - [Canter Resources Corp.](#) (CSE: CRC) (OTC Pink: CNRCF) (FSE: 6O1) ("Canter" or the "Company"), a U.S.-focused critical mineral exploration company, is pleased to announce that its management team will be attending the Fastmarkets Lithium Supply & Battery Raw Materials Conference, taking place June 23-26, 2025, at the Red Rock Casino Resort in Las Vegas, Nevada.

The Fastmarkets conference is recognized as the industry's largest and most influential gathering for the global lithium and battery materials sector, bringing together over 1,300 delegates from 550 companies across 40 countries. The event provides a premier platform for industry leaders to discuss critical issues, innovations, and market trends shaping the future of battery raw materials supply chains.

Canter's Nevada portfolio is well positioned within the key districts within the state, with significant momentum building around Nevada emerging as an important hub for securing domestic supply chain independence for lithium and other critical minerals. Government support continues to increase through the Department of Energy, Department of Defense and EXIM bank, as demonstrated by the significant funding initiatives taking place in the region.

The Company looks forward to advancing its strategic partner and M&A discussions at the Conference, and engaging with peers, investors, and stakeholders to share insights on sustainable exploration, Direct Lithium Extraction developments and the evolving regulatory landscape.

For those attending the conference who would like to schedule a meeting with Canter's management team, please contact [info@canterresources.com](mailto:info@canterresources.com).

About Canter Resources Corp.

Canter Resources Corp. is a junior mineral exploration company advancing the Columbus Lithium-Boron Project and the Railroad Valley (RV) Lithium-Boron Project in Nevada, USA. The Company is completing a phased drilling approach at Columbus to test highly prospective brine targets at varying depths for lithium-boron enrichment and plans to leverage the Company's critical metals targeting database to generate a portfolio of high-quality projects with the aim of defining mineral resources that support the technology and domestic clean energy supply chains in North America.

On behalf of the Board of Directors.

#### FORWARD-LOOKING STATEMENTS

This news release contains "forward-looking statements" within the meaning of applicable securities laws. All statements contained herein that are not clearly historical in nature may constitute forward-looking statements. Generally, such forward-looking information or forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or may contain statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "will continue", "will occur" or "will be achieved". The forward-looking information and forward-looking statements contained herein include, but are not limited to, statements regarding the Company's plans for the Project and the payments related thereto, the issuance of the Consideration Shares and the Company's expected exploration activities.

These statements involve known and unknown risks, uncertainties and other factors, which may cause actual results, performance or achievements to differ materially from those expressed or implied by such statements, including but not limited to: requirements for additional capital; future prices of minerals; changes in general economic conditions; changes in the financial markets and in the demand and market price for commodities; other risks of the mining industry; the inability to obtain any necessary governmental and regulatory approvals; changes in laws, regulations and policies affecting mining operations; hedging practices; and currency fluctuations.

Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Accordingly, readers should not place undue reliance on any forward-looking statements or information. No forward-looking statement can be guaranteed. Except as required by applicable securities laws, forward-looking statements speak only as of the date on which they are made and the Company does not undertake any obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.
