Kenadyr is arm's length to the Company. The transaction is subject to customary conditions, including approval of the TSX Venture Exchange and the approval of the Company's shareholders. As the proposed sale would represent the disposition of the majority of the Company's assets, it may be downgraded to the NEX on closing of the disposition if as a result the Company fails to meet the TSXV Continued Listing Requirements.

Corporate Update

The Company today has voluntarily terminated its listing services on the OTCQB Venture Market ("OTCQB") trading platform. The Company's common shares remain listed for trading on the TSX Venture Exchange. The Board of Directors of the Company have made this decision after considering a number of factors including the associated listing fee expenses and administrative burden required to comply with ongoing OTCQB listing requirements. The Company intends to file further updates to the market once its delisting from the OTCQB platform is confirmed.
