

# NexGold Mining Corp. Receives Schedule 2 Amendment Approval for Goldboro Gold Project

08.07.2025 | [GlobeNewswire](#)

[NexGold Mining Corp.](#) (TSXV: NEXG; OTCQX: NXGCF) ("NexGold" or the "Company") is pleased to announce that the federal government of Canada has approved an amendment to Schedule 2 of the *Metal and Diamond Mining Effluent Regulations* ("MDMER") for the Goldboro Gold Project ("Goldboro"). This amendment lists one geographic area encompassing seven water bodies located within the footprint of the Project's tailings management facility (TMF) to Schedule 2 of the Regulations, thereby designating them as tailings impoundment areas. The amendment was published in the Canada Gazette, Part II, on July 2, 2025.

Kevin Bullock, President and CEO, stated: *"The approval of the Schedule 2 amendment for Goldboro is another significant step towards a construction decision and is the culmination of significant effort by the NexGold team. This is another key catalyst for Goldboro, and begins the process for the receipt of the Fisheries Act Authorization, which we would expect in the coming months. The receipt of both the Schedule 2 and Fisheries Act Authorization would then provide Goldboro with all of the Federal permits required to begin construction."*

The MDMER requires NexGold to develop and implement a fish habitat compensation plan (FHCP) to offset the loss of fish habitat resulting from the development of the TMF. This plan has been completed previously and is currently under review by Fisheries and Oceans Canada with approval of this plan expected in the second half of 2025.
