

Alpha Exploration Ltd. Announces Closing of Private Placement Financing

23.07.2025 | [Newsfile](#)

Calgary, July 23, 2025 - [Alpha Exploration Ltd.](#) (TSXV: ALEX) ("Alpha" or the "Corporation") is pleased to announce that, on July 15, 2025, it closed its previously announced non-brokered private placement of units in the capital of the Corporation ("Units") of up to \$6,000,000 at a purchase price of \$0.70 per Unit (the "Offering"). The total aggregate gross proceeds of raised under the Offering was \$3,196,000. The principal use of the proceeds of the Offering will be for funding ongoing exploration work on the Kerkasha Project in Eritrea, operating and administrative expenses, working capital and general corporate purposes. The Offering was originally announced and extended in the press releases on March 21, 2025, and May 15, 2025.

Each Unit consists of one ordinary share of the Corporation (each, a "Share") and one-half of one Share purchase warrant (each whole warrant, a "Warrant"). Each Warrant entitles the holder to acquire one additional Share at a price of \$1.05 for a period of 18 months following the closing date of the Offering.

The Shares and Warrants issued in connection with the Offering and the Shares underlying the Warrants are subject to a statutory hold period of four months plus one day from the date of completion of the Offering, in accordance with applicable securities legislation.

Certain Insiders of the Corporation (as such term is defined under the policies of the TSXV) may participate in the Offering. The participation of Insiders in the Offering would constitute a "related party transaction" within the meaning of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). The Corporation intends on relying upon exemptions from the formal valuation and minority approval requirements of MI 61-101 based on a determination that the fair market value of the Offering, insofar as it involves the related parties, will not exceed \$2,500,000.

The TSX Venture Exchange (the "Exchange") provided conditional acceptance of the Offering on March 25, 2025. Final acceptance of the Offering is subject to Exchange approval.

For more information concerning the Corporation, please refer to the Corporation's profile on the SEDAR+ website at www.sedarplus.ca or at the Corporation's website at <https://alpha-exploration.com/>.

About Alpha Exploration Ltd.

Alpha (TSXV: ALEX) is an exploration company that is rapidly advancing a number of important gold and base metal discoveries across its 100% owned, large (514 km²) Kerkasha Project in Eritrea.

The Corporation has also advanced the Aburna Gold Prospect, the Tolegimja VMS Copper-Zinc-Gold Prospect and over 17 other gold prospects since listing in 2021.

The Corporation is managed by a group of highly experienced and successful professionals with long track records of establishing, building and successfully exiting a number of world class gold and base metals discoveries in Eritrea and across the wider Arabian Nubian Shield.

Cautionary Notes

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accept responsibility for the adequacy or accuracy of the content of this release.

This press release is intended for distribution in Canada only and is not intended for distribution to United States newswire services or dissemination in the United States.

This press release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

Forward-Looking Information

Certain statements and information herein, including all statements that are not historical facts, contain forward-looking statements and forward-looking information within the meaning of applicable securities laws. Such forward-looking statements or information include but are not limited to statements or information with respect to: the anticipated use of net proceeds from the Offering, including any advancement of exploration work on the Kerkasha Project.; and Exchange approval. Often, but not always, forward-looking statements or information can be identified by the use of words such as "estimate", "project", "belief", "anticipate", "intend", "expect", "plan", "predict", "may" or "should" and the negative of these words or such variations thereon or comparable terminology are intended to identify forward-looking statements and information. With respect to forward-looking statements and information contained herein, Alpha has made numerous assumptions including among other things, assumptions about general business and economic conditions and the price of gold and other minerals. The foregoing list of assumptions is not exhaustive.

Although management of Alpha believes that the assumptions made and the expectations represented by such statements or information are reasonable, there can be no assurance that forward-looking statements or information herein will prove to be accurate. Forward-looking statements and information by their nature are based on assumptions and involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or information. These factors include, but are not limited to: risks relating to Alpha's financing efforts; risks associated with the business of Alpha given its limited operating history; business and economic conditions in the mining industry generally; the supply and demand for labour and other project inputs; changes in commodity prices; changes in interest and currency exchange rates; risks relating to inaccurate geological and engineering assumptions (including with respect to the tonnage, grade and recoverability of reserves and resources); risks relating to unanticipated operational difficulties (including failure of equipment or processes to operate in accordance with specifications or expectations, cost escalation, unavailability of materials and equipment, government action or delays in the receipt of government approvals, industrial disturbances or other job action, and unanticipated events related to health, safety and environmental matters); risks relating to adverse weather conditions; political risk and social unrest; changes in general economic conditions or conditions in the financial markets; changes in laws (including regulations respecting mining concessions). Alpha does not undertake to update any forward-looking information, except in accordance with applicable securities laws.
