29.07.2025 | [The Newswire](#)

[Metalite Resources Inc.](#) (CSE:METL) (OTC:JNCCF) (Frankfurt:D68) ("Metalite" or the "Company") is pleased to announce that the Government of New South Wales, Australia, has approved the renewal of Exploration Licence EL 9144 (the "Arthurs Seat Project"), held by its wholly owned Australian subsidiary, Great Southern Precious Metals Pty Ltd. The licence has been renewed over the full 14-unit area for a further term of two years, effective from July 25, 2025 to April 30, 2027.

This renewal ensures continued access to a strategic exploration asset hosting high-grade silver, gold, and notably antimony (Sb) mineralization. "We're excited to move forward at Arthurs Seat, especially given the exceptional sampling results we've seen from prospects like McDonalds and Murray and Co," said Chris Hazelton, CEO of Metalite Resources. "With global attention intensifying on supply chains for critical minerals like antimony, the project puts Metalite in a unique position to participate in this growing market trend."
