

Neotech Metals Appoints Cushing as Advisor & Issues Options

13.08.2025 | [Newsfile](#)

Vancouver, August 13, 2025 - [Neotech Metals Corp.](#) (CSE: NTMC) (OTCQB: NTMFF) (FSE: V690) ("Neotech" or the "Company"), a mineral exploration company, is pleased to welcome Dr. Alexander Cushing (PhD, MFin, P.Eng) as a technical advisor to the board.

Dr. Alexander Cushing joins is a highly respected metallurgist with a proven track record bridging academic innovation and real-world application in mineral processing. With multiple published works on alternative metallurgical processes including adsorption techniques critical to unlocking value in the rare earth and critical minerals sector-Dr. Cushing brings a depth of technical insight that directly supports the advancement of Neotech's portfolio of projects. His industry experience includes tenure at SGS Lakefield, one of the world's leading metallurgical laboratories, and his current role as an independent consultant advising on complex mining projects worldwide. In this capacity, he evaluates metallurgical performance, underwrites reclamation bonds, and assesses both technical and financial risk across precious metals, base metals, and rare earth developments, positioning him to play a key role in maximizing the economic potential of Neotech's projects.

"We're excited to welcome Dr. Cushing to the team as we continue to strengthen our technical expertise," said Reagan Glazier, CEO. "His depth of metallurgical knowledge and industry experience will be instrumental in advancing our projects, driving innovation in processing, and ultimately unlocking significant future value for our shareholders."

The Company also announces it has granted 1,525,000 options to directors, officers, employees and consultants of the Company. The options vest of a period of 12 months are exercisable at \$0.40 for a five-year term.
