This news release contains financial measures not prepared in accordance with IFRS® Accounting Standards. These measures are referred to as "non-IFRS" measures and include: Gross Margin and EBITDA, which are defined below. The Company's management believes these non-IFRS measures provide investors with additional information for the analysis of the Company's results of operations, particularly in evaluating performance from one period to another. The Company's management uses non-IFRS financial measures to make operating decisions, as they facilitate additional internal comparisons of the Company's performance to historical results and to competitors' results.

**EBITDA:** EBITDA, or Earnings Before Interest, Taxes, Depreciation and Amortization, is an alternative measure of performance utilized by management to evaluate and analyze the Company's results. EBITDA is net income (or loss) excluding interest (finance costs), current and future income tax expense, amortization and depreciation expense, and depletion expense.
