

Arizona Gold & Silver Announces Over-Allotment to Oversubscribed Private Placement

29.08.2025 | [The Newswire](#)

[Arizona Gold & Silver Inc.](#) (TSXV: AZS) (OTCQB:AZASF) The Company is pleased to announce that due to investor demand, the size of its non-brokered private placement ("Private Placement") previously announced on August 28, 2025 has been increased to 6,666,666 units from 3,333,333 Units of the Company (each a "Unit") at a price of CAD\$0.30 with total proceeds of CAD\$2,000,000. Each Unit will consist of one common share and one transferable share purchase warrant (each whole warrant, a "Warrant"). Each warrant will entitle the holder to purchase one additional common share in the capital of the Company (a "Warrant Share") for a period of 36 months from the date of issue at an exercise price of CAD\$0.40 per Warrant Share.

All securities issued under the private placement will be subject to a hold period of four months and one day from the closing date. The Company may pay finders' fees in cash or warrants. The private placement and finders' fees are subject to regulatory approval.

Net proceeds of the private placement will be used for project exploration and general working capital purposes.

CAUTION CONCERNING FORWARD-LOOKING STATEMENTS

This news release includes certain forward-looking statements or information. All statements other than statements of historical fact included in this release are forward-looking statements that involve various risks and uncertainties. Forward-looking statements in this news release include statements in relation to the timing, cost and other aspects of the 2025 exploration program; the potential for development of the mineral

resources; the potential mineralization and geological merits of the exploration properties; and other future plans, objectives or expectations of the Company. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company's plans or expectations include the risk that actual results of current and planned exploration activities, including the results of the Company's 2025 drilling program(s) on its properties, will not be consistent with the Company's expectations; the geology, grade and continuity of any mineral deposits and the risk of unexpected variations in mineral resources, grade and/or recovery rates; fluctuating metals prices; possibility of accidents, equipment breakdowns and delays during exploration; exploration cost overruns or unanticipated costs and expenses; uncertainties involved in the interpretation of drilling results and geological tests; availability of capital and financing required to continue the Company's future exploration programs and preparation of geological reports and studies; delays in the preparation of geological reports and studies; the metallurgical characteristics of mineralization contained within the exploration properties are yet to be fully determined; general economic, market or business conditions; competition and loss of key employees; regulatory changes and restrictions including in relation to required permits for exploration activities (including drilling permits) and environmental liability; timeliness of government or regulatory approvals; and other risks detailed herein and from time to time in the filings made by the Company with securities regulators. In connection with the forward-looking information contained in this news release, the Company has made numerous assumptions, including that the Company's 2025 programs would proceed as planned and within budget. The Company expressly disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as otherwise required by applicable securities legislation.
