

CNOOC Limited Brings On-stream Wenchang 16-2 Oilfield Development Project

04.09.2025 | [PR Newswire](#)

HONG KONG, Sept. 3, 2025 /PRNewswire/ -- [CNOOC Ltd.](#) (the "Company", SEHK: 00883 (HKD Counter) and 80883 (RMB Counter), SSE: 600938) today announces that Wenchang 16-2 Oilfield Development Project has commenced production.

The project is located in the western Pearl River Mouth Basin, with an average water depth of approximately 150 meters. The development of the project mainly leverages the adjacent existing facilities of the Wenchang Oilfields, with addition of a new jacket platform integrating functions such as oil and gas production, offshore drilling and completion operations as well as personnel accommodation. A total of 15 development wells are planned to be commissioned. The project is expected to achieve a plateau production of approximately 11,200 barrels of oil equivalent per day in 2027. The oil property is light crude.

[CNOOC Limited](#) holds 100% interest in this project and is the operator.

This press release includes forward looking information, including statements regarding the likely future developments in the business of the Company and its subsidiaries, such as expected future events, business prospects or financial results. The words "expect", "anticipate", "continue", "estimate", "objective", "ongoing", "may", "will", "project", "should", "believe", "plans", "intends" and similar expressions are intended to identify such forward-looking statements. These statements are based on assumptions and analyses made by the Company as of this date in light of its experience and its perception of historical trends, current conditions and expected future developments, as well as other factors that the Company currently believes are appropriate under the circumstances. However, whether actual results and developments will meet the current expectations and predictions of the Company is uncertain. Actual results, performance and financial condition may differ materially from the Company's expectations, including but not limited to those associated with macro-political and economic factors, fluctuations in crude oil and natural gas prices, the highly competitive nature of the oil and natural gas industry, climate change and environmental policies, the Company's price forecast, mergers, acquisitions and divestments activities, HSSE and insurance policies and changes in anti-corruption, anti-fraud, anti-money laundering and corporate governance laws and regulations.

Consequently, all of the forward-looking statements made in this press release are qualified by these cautionary statements. The Company cannot assure that the results or developments anticipated will be realised or, even if substantially realised, that they will have the expected effect on the Company, its business or operations.
