[Premier American Uranium Inc.](#) ("PUR" or "Premier American Uranium") (TSXV: PUR) (OTCQB: PAUIF) and [Nuclear Fuels Inc.](#) ("NF" or "Nuclear Fuels") (CSE: NF) (OTCQX: NFUNF) are pleased to announce the completion of the previously announced arrangement (the "Arrangement") whereby Premier American Uranium has acquired all of the issued and outstanding common shares of Nuclear Fuels (the "NF Shares").

The Arrangement results in PUR acquiring 100% of the NF Shares and NF becoming a wholly owned subsidiary of PUR. Pursuant to the Arrangement, Nuclear Fuels shareholders (the "NF Shareholders") received 0.33 of a common share of PUR (each whole share, a "PUR Share") for each NF Share held. In aggregate, PUR issued 32,521,748 PUR Shares under the Arrangement.

Colin Healey, CEO of PUR commented, "With the completion of the Nuclear Fuels transaction, Premier American Uranium expands and enhances one of the strongest exploration portfolios in the United States, anchored by the Kaycee and Cyclone exploration projects in Wyoming, representing the largest combined ongoing drilling program in the State. With the acquisition of Kaycee, Premier American Uranium joins [Cameco Corporation](#), Energy Fuels Inc. and [Uranium Energy Corp.](#) as a major landholder in the highly productive Powder River uranium district.

In just two short years, we have successfully executed two transformative transactions, further advancing our targeted strategy of consolidation, exploration, and development across the U.S. uranium sector. We continue to cultivate our pipeline of strategic opportunities, leveraging our highly experienced technical team to identify and assess targets for further expansion, and remain committed to advancing our core assets to create long-term value. We warmly welcome Nuclear Fuels shareholders to Premier American Uranium and look forward to continuing to deliver on our growth strategy. We would also like to extend our sincere appreciation to the departing directors for their valuable contributions and commitment, which have been instrumental in positioning the Company for this next stage of growth."

The NF Shares are expected to be delisted from the Canadian Securities Exchange at market close on September 16, 2025. PUR expects to cause NF to apply to the relevant Canadian securities regulatory authorities to cease to be a reporting issuer under applicable Canadian securities laws.

Board of Directors and Management

In connection with closing of the Arrangement, PUR's board of directors (the "Company Board") is now comprised of seven members, including Chairman Tim Rotolo, Marty Tunney, Michael Harrison and Jon Indall, with Gregory Huffman and Brahm Spilfogel joining from Nuclear Fuels, and Colin Healey, CEO of Premier American Uranium also being added. Daniel Nauth and Michael Henrichsen have resigned from the Company Board in connection with closing of the Arrangement. The senior management team remains unchanged.
