25.09.2025 | [GlobeNewswire](#)

[Lithium Chile Inc.](#) ("Lithium Chile" or the "Company") is pleased to announce that due to strong market demand, the offering was oversubscribed and it has agreed with its agents, Canaccord Genuity Corp., as lead agent and sole bookrunner ("Canaccord Genuity"), and Moneta Securities Inc. (together with Canaccord Genuity, the "Agents") to increase the size of the previously announced "best efforts" private placement. As a result of this second amendment, the offering will consist of up to 14,000,000 units of the Company (each, a "Unit") at a price of \$0.50 per Unit (the "Offering Price") for aggregate gross proceeds of up to \$7,000,000 (the "Offering"). The Company has also granted the Agents an option, exercisable in whole or in part at any time prior to the closing of the Offering, to arrange for the sale of up to an additional 1,950,000 Units at the Offering Price, for additional gross proceeds of up to \$975,000.

Each Unit will consist of one common share in the capital of the Company (each, a "Unit Share") and one common share purchase warrant of the Company (a "Warrant"). Each Warrant will entitle the holder thereof to acquire one common share in the capital of the Company (each, a "Warrant Share") at a price of \$0.70 per Warrant Share for a period of 5 years following the closing of the Offering.

The Units will be offered for sale under the listed issuer financing exemption pursuant to Part 5A of National Instrument 45-106 - *Prospectus Exemptions* ("NI 45-106") as amended by Coordinated Blanket Order 45-935 - *Exemptions from Certain Conditions of the Listed Issuer Financing Exemption* (together, the "Listed Issuer Financing Exemption"), in each of the provinces of Canada except Québec. The securities issued under the Listed Issuer Financing Exemption will not be subject to a hold period pursuant to applicable Canadian securities laws.

The Agents will also be entitled to offer the Units for sale in the United States pursuant to available exemptions from the registration requirements of the United States Securities Act of 1933 (the "1933 Act"), as amended, and in certain other qualifying jurisdictions outside of Canada and the United States on a private placement basis provided it is understood that no prospectus filing or comparable obligation arises in such other jurisdiction.

There is a second amended and restated offering document dated September 24, 2025 (the "Offering Document") related to the Offering that can be accessed under the Company's profile at www.sedarplus.ca and on the Company's website at www.lithiumchile.ca. Prospective investors should read the Offering Document before making an investment decision.

The net proceeds of the Offering will be used to advance the Company's existing mineral properties in Argentina and Chile, for general and administrative expenses, and working capital purposes, as further described in the Offering Document.

The Offering is expected to close on or about October 7, 2025, or such other date as may be determined by the Company and the Agents and is subject to the Company receiving all necessary regulatory approvals, including the approval of the TSX Venture Exchange.
