[Super Copper Corp.](#) (CSE: CUPR) (OTCQB: CUPPF) (FSE: N60) ("Super Copper" or the "Company"), is pleased to announce that its Chief Executive Officer, Zachary Dolesky, has been featured in an exclusive interview with CEO.ca, a leading platform for mining and resource sector investors.

The full video interview can be viewed on CEO.ca and at the following link:
<https://www.youtube.com/watch?v=b1u3VzuDd7o>

In the discussion, Mr. Dolesky highlights the Company's recent acquisition of the Castilla Copper Project in Chile, outlines the strategic rationale behind adding Bitcoin to Super Copper's treasury strategy, and explains what differentiates Castilla within the competitive copper exploration landscape. He also provides an update on the Company's corporate development initiatives and exploration plans for the coming quarter.

Investor Relations Engagement:

The Company also wishes to announce that it has entered into an agreement with GRA Enterprises LLC DBA National Inflation Association ("NIA") for investor relations and communication services.

The Company has entered into a consulting agreement (the "NIA Agreement") dated September 23, 2025. The NIA Agreement has an initial term of 3 months. Pursuant to the terms of the NIA Agreement, the Company will pay NIA USD\$30,000. The term of the NIA Agreement can be extended by three months for an additional USD\$30,000, 6 months for an additional USD\$50,000 or one year for an additional USD\$100,000. NIA will leverage its expansive distribution channels-including targeted email lists, website features, and blog content-to highlight Company's growth story and project developments.

NIA, based in Mooresville, North Carolina, has a strong track record of investor communications for publicly traded companies. The Company will not issue any securities to NIA as compensation. NIA and its principals are at arm's length to the Company and do not have any interest, direct or indirect, in the Company or its securities nor do they have any right to acquire such an interest.
