About Sokoman Minerals Corp.

Sokoman Minerals Corp. is a discovery-oriented company and one of the largest landholders in Newfoundland and Labrador, Canada's emerging gold district. The Company's primary focus is its portfolio of gold projects, including the 100%-owned flagship, advanced-stage Moosehead project (a Fosterville-type orogenic gold deposit), the Crippleback Lake (gold-copper porphyry) project, and the district-scale Fleur de Lys (Dalradian-type orogenic gold) project. The Company entered a strategic alliance with [Benton Resources Inc.](#) (TSXV: BEX) through three large-scale joint-venture properties, including Grey River, Golden Hope, and Kepenkeck in Newfoundland.
