Toronto, October 7, 2025 - [PTX Metals Inc.](#) (TSXV: PTX) ("PTX" or the "Company") is pleased to announce the closing of the third tranche of its previously disclosed non-brokered private placement of flow-through, hard dollar and charity flow-through units (see news releases dated September 8, 2025, September 16, 2025, September 28, 2025, September 30, 2025 and October 2, 2025). Under the third closing the Company issued a total of 9,666,667 charity flow-through units ("CFT Units") at a price of \$0.15 per CFT Unit for aggregate gross proceeds of \$1,450,001.55 and a total of 2,073,333 hard dollar units ("HD Units" and together with the CFT Units referred to herein as the "Units") for aggregate gross proceeds of \$207,333.30. In addition, the Company issued 592,222 flow-through units ("FT Units") at a price of \$0.135 per FT Unit for aggregate gross proceeds of \$79,949.97 resulting in combined total third tranche proceeds of \$1,737,284.82. When combined with the \$4,498,930 raised in the first closings, the Company has raised a total of \$6,236,214.82 to date.

In addition, the Company paid a total of \$48,193.97 in finders fees and issued a total of 701,022 finder warrants ("Finder Warrants") to eligible finders. Each Finders Warrant will entitle the holder thereof to purchase one common share at a price of \$0.14 (subject to adjustment) for a period of two (2) years following the issuance of the Finders Warrants. The Finders Warrants will be subject to a statutory hold period in Canada of four (4) months and one (1) day after the issuance of the Finders Warrants.

The HD Units and CFT Units were issued pursuant to the Listed Issuer Financing Exemption (the "LIFE Exemption") under Part 5A of National Instrument 45-106 - Prospectus Exemptions, and as modified by Coordinated Blanket Order 45-935 - Exemptions from Certain Conditions of the Listed Issuer Financing Exemption. Pursuant to the LIFE Exemption, the securities underlying the HD and CFT Units are not subject to a hold period under Canadian securities laws. The FT Units were sold to investors pursuant to exemptions from the prospectus requirements other than the LIFE Exemption and are subject to a hold period of four months and one day following issuance.

Each Unit and FT Unit consists of one (1) common share and one-half of one (1/2) share purchase warrant (each whole such share purchase warrant, a "Warrant"). Each Warrant is exercisable to acquire one (1) additional Warrant Share at a price of \$0.16 per Warrant Share for a period of 36 months from the date of issuance. The Warrants issued pursuant to the LIFE Exemption are subject to a restriction on exercise expiring 61 days following the date of issuance.

The Company intends to use the proceeds from the issuance of the HD Units for general corporate expenses and working capital purposes.

The gross proceeds from the issuance of the CFT Units will be used to incur eligible "Canadian exploration expenses" as defined in subsection 66.1(6) of the Income Tax Act (Canada) (the "Tax Act") that qualify as "flow-through critical mineral mining expenditures" as defined in subsection 127(9) of the Tax Act (the "Qualifying Expenditures") related to the Company's projects in Ontario. The Qualifying Expenditures will be incurred on or before December 31, 2026 and will be renounced by the Company to the initial purchasers of the CFT Units with an effective date no later than December 31, 2025 in an aggregate amount not less than the gross proceeds raised from the issue of the CFT Units.

The Company has filed on its SEDAR+ profile an amended and restated offering document addressing the offering under LIFE Exemption in accordance with the requirements of Form 45-106F19 (the "Offering Document"). The amended and restated Offering Document can be accessed under the Company's profile at www.sedarplus.ca and on the Company's website at www.ptxmetals.com. Prospective investors should read the amended and restated Offering Document before making an investment decision.
