

Aztec Minerals Corp. Announces Closing of Upsized C\$10 Million Bought Deal Private Placement Including Concurrent Exercise of Over-Allotment Option

16.10.2025 | [The Newswire](#)

[Aztec Minerals Corp.](#) (AZT: TSX-V, OTCQB: AZZTF) ("Aztec" or the "Company") is pleased to announce the closing of its previously announced "bought deal" private placement offering (the "Offering"), including the full exercise of the over-allotment option (the "Over-Allotment Option") for aggregate gross proceeds of C\$10,004,655. Pursuant to the Offering, the Company sold 42,573,000 common shares of the Company (the "Offered Shares") at a price of C\$0.235 per Offered Share (the "Issue Price"). Stifel Canada acted as the sole underwriter and bookrunner (the "Underwriter") in connection with the Offering. The Underwriter fully exercised the Over-Allotment Option to purchase an additional 5,553,000 Offered Shares at the Issue Price.

Simon Dyakowski, Aztec's President and CEO stated, "The closing of this upsized and over allotted \$10 million bought deal financing represents a significant milestone for Aztec Minerals. The Company is now well funded to advance our respective precious metals focused projects through accelerated exploration. The financing was subscribed to by institutional investors and provides for the necessary capital to further de-risk our projects".

In connection with the Offering, the Company paid the Underwriter a cash commission of C\$700,326, equal to 7% of the gross proceeds of the Offering, and issued to the Underwriter 2,980,110 non-transferable common share purchase warrants of the Company (the "Broker Warrants"), equal to 7% of the number of Offered Shares sold under the Offering. Each Broker Warrant entitles the holder to acquire one common share in the capital of the Company (a "Broker Warrant Share") at an exercise price equal to the Issue Price per Broker Warrant Share at any time on or before October 16, 2028.

The Company intends to use the net proceeds to conduct exploration work on its Tombstone gold-silver & CRD silver-lead-zinc-copper-gold project in Arizona, USA, and its Cervantes gold-copper project in Sonora, Mexico, as well as for general working capital purposes.

The Offered Shares, Broker Warrants and Broker Warrant Shares are subject to a hold period of four months and one day from the closing date of the Offering in accordance with applicable Canadian securities laws.
