

Eco (Atlantic) Oil and Gas Ltd. Announces CEO Interview & Updated Corporate Presentation

23.10.2025 | [ACCESS Newswire](#)

TORONTO, October 23, 2025 - [Eco \(Atlantic\) Oil & Gas Ltd.](#) (AIM:ECO)(TSX?V:EOG), a leading independent oil and gas exploration company focused on the Atlantic Margin, is pleased to announce the release of an updated corporate presentation, providing shareholders with an overview of the Company's ongoing workstreams, farm-outs, and upcoming cash catalysts across Eco's portfolio, alongside a new interview with its President and Chief Executive Officer, Gil Holzman.

In the interview, Mr. Holzman discusses Eco's progress over 2025, its focus on advancing strategic acreage across Guyana, Namibia, and South Africa, and the near-term catalysts that the Company believes will deliver tangible results and value for shareholders.

Highlights:

South Africa

Existing seismic data acquired and active farm-out process underway in Block 1.

Block 3B/4B is drill ready and JV target selected. Wider regional legislative processes likely extending final environmental permitting timeline into 2026 ahead of spudding the first well.

Namibia

Portfolio optimisation through the farm-out of Eco's interest in PEL 98 to Lamda Energy.

One-year extensions for PELs 97, 99, 100, with the initial exploration period for the blocks now extended to September 2026 and to include 3D seismic survey.

Guyana

Expanding remit of cretaceous well farm-out process to reevaluate the heavy oil potential of the Jethro discovery, considering ExxonMobil's Final Investment Decision (FID) for the development of the Hammerhead project in the Stabroek block.

Both the video interview and updated presentation can be viewed on the Company's website at: <https://www.ecoilandgas.com/investors/results-presentation/>

About Eco Atlantic:

Eco Atlantic is a TSX-V and AIM-quoted Atlantic Margin-focused oil and gas exploration company with offshore license interests in Guyana, Namibia, and South Africa. Eco aims to deliver material value for its stakeholders through its role in the energy transition to explore for low carbon intensity oil and gas in stable emerging markets close to infrastructure.

Offshore Guyana, in the proven Guyana-Suriname Basin, the Company operates a 100% Working Interest in the 1,354 km² Orinduik Block. In Namibia, the Company holds Operatorship and an 85% Working Interest in three offshore Petroleum Licences: PELs: 97, 99, and 100, representing a combined area of 22,894 km² in the Walvis Basin. Offshore South Africa, Eco holds a 5.25% Working Interest in Block 3B/4B and a 75% Operated Interest in Block 1, in the Orange Basin, totalling approximately 37,510km².
