30.10.2025 | [Newsfile](#)

Further Upsized from \$65 Million Due to Strong Demand

[NexMetals Mining Corp.](#) (TSXV: NEXM) (NASDAQ: NEXM) (the "Company" or "NEXM") is pleased to announce that it has increased the size of its previously announced "best efforts" public offering (the "Offering") of units of the Company ("Units") from up to C\$65,000,000 to up to C\$80,000,000 due to strong demand from institutional investors, representing the second time the offering has been upsized.

The Offering will be conducted by SCP Resource Finance LP as sole bookrunner and together with Raymond James Ltd as co-lead agents, on their own behalf and on behalf of a syndicate of one or more additional agents.

Under the amended terms, the Offering will consist of up to 14,035,100 Units, and there will no longer be an over-allotment option. The Agents will receive a cash fee equal to 6% of the gross proceeds of the Offering, subject to a reduced cash fee equal to 2.0% payable in respect of sales to certain individuals on a "president's list" for gross proceeds of up to C\$7.0 million (increased from C\$5.0 million). All other details of the Offering remain as disclosed in the news release of the Company issued on October 28, 2025, and titled "NexMetals Announces C\$65 Million Public Offering of Units". Each Unit will consist of one common share of the Company and one common share purchase warrant. Each warrant will entitle the holder to acquire one common share for a period expiring 24 months following the date of issuance at a price of C\$8.00.

The net proceeds from the Offering are expected to be used to fund the prepayment of the first contingent milestone payment under the Asset Purchase Agreement for the Selebi and Selkirk mines, the timing of which is planned prior to the end of 2025, to advance exploration and development activities at the Company's mineral assets in Botswana, and for working capital and general corporate purposes.

Morgan Lekstrom, CEO of the Company, commented: "We are elated by the strong demand from mining-focused institutions. This upsizing reflects growing confidence in our assets, the team, and the accelerated nature of the path forward. Once closed, this will provide us with the runway to advance our strategy, secure title for both Selebi and Selkirk assets, while continue delivering on key milestones."

The Offering is expected to close on or about November 13, 2025 and remains subject to the receipt of all necessary approvals.
