

# Nevada King Announces Justin Daley As Vice President Exploration

03.11.2025 | [CNW](#)

[Nevada King Gold Corp.](#) (TSXV: NKG) (OTCQB: NKGFF) ("Nevada King" or the "Company") is pleased to announce the appointment of Justin Daley as the Company's Vice President Exploration, effective immediately. Mr. Daley will work closely with the Company's Exploration Manager, Cal Herron, and will report to CEO John Sclodnick.

## Appointment of Vice President Exploration

Mr. Daley is a professional geologist with over 15 years of experience in mineral exploration, most recently as CEO of V Resources, a precious and base metals exploration company focused on early-stage projects in Nevada and Ontario. He has explored caldera related gold systems similar to the Atlanta Gold Mine Project across central Nevada and completed his PhD research at Laurentian University on the evolution and timing of epithermal gold systems. He brings a wealth of experience in applying new exploration technologies, as well as AI and machine learning as part of a systematic approach to discovery. Mr. Daley holds a B.Sc. in Geology from Queen's University and studied the application of data analytics in business at Harvard Business School's Business Analytics Program.

John Sclodnick, CEO of Nevada King, stated, "We are thrilled to welcome Justin to our leadership team and look forward to leveraging his extensive expertise in mineral exploration and innovative technologies. His proven track record in advancing exploration projects and integrating advanced analytics aligns perfectly with Nevada King's strategic vision for growth and discovery."

Justin Daley, incoming Vice President of Exploration, commented, "The exploration success at the Atlanta Gold Mine Project has been remarkable, with some of the highest-grade drill results in Nevada at the time. I'm thrilled to join this accomplished team as they advance the Phase III regional program in pursuit of the next discovery. The extensive dataset assembled while developing the 1+ million-ounce oxide gold resource provides a strong foundation for applying AI and advanced analytics to pinpoint new discoveries more efficiently and precisely. These technologies will enable smarter, more cost-effective exploration as we work to unlock the full potential of Atlanta."

## Stock Option Grant

In accordance with the stock option plan of the Company and subject to regulatory approval, the Company has granted an aggregate of 12,050,000 stock options (the "Options") to certain directors and officers of the Company with each Option exercisable into a common share of the Company at a price of \$0.25 until October 31, 2030. Options granted to the Directors of the Company will see 50% vest immediately and 50% vesting one year from the date of grant, October 31, 2026, while options granted to officers of the Company will see 10% vest immediately, followed by 10% vesting every six months thereafter until fully vested on April 30, 2030.
