

Vanadiumcorp Announces Flow-Through and Non Flow-Through Private Placement Financing for Critical Minerals

04.11.2025 | [The Newswire](#)

[VanadiumCorp Resource Inc.](#) (TSX-V: VRB) (FSE: NRNA) (OTC: VRBFF) ("VanadiumCorp" or the "Company") is pleased to announce that, subject to approval by the TSX Venture Exchange (the "Exchange"), it intends to complete a non-brokered private placement financing (the "Financing") for proceeds of up to C \$1.4 million. The Financing is expected to close on or before November 30, 2025.

On receipt of approval from the TSXV, the Company will issue up to 2,333,333 \$0.30 flow-through units (the "FT Units") and 2,800,000 \$0.25 non-flow-through units (the "NFT Units") for aggregate gross proceeds of up to C \$1,400,000.

Each NFT Unit will be comprised of one common share and one share purchase warrant (the "Unit Warrants"), with each Unit Warrant entitling the holder to purchase one additional common share of the Company at a price of \$0.45 per common share for a period of eighteen (18) months from the date of issue.

Each FT Unit will be comprised of one flow-through common share and one half of a share purchase warrant (the "FT Warrants"), with each full FT Warrant entitling the holder to purchase one additional common share of the Company at a price of \$0.45 for a period of eighteen (18) months from the date of issue.

Net proceeds from the Financing will be used for critical mineral exploration and metallurgical testing on the Company's wholly-owned mineral properties as well as working capital and general corporate purposes. The gross proceeds from the sale of the FT Shares will be used to incur "Canadian exploration expenses" (as defined in the Tax Act) that will qualify as "flow-through mining expenditures" within the meaning of the Tax Act (the "Qualifying Expenditures"). The Qualifying Expenditures will be incurred on or before December 31, 2026, and will be renounced by the Company to the initial purchasers of the FT Shares with an effective date no later than December 31, 2025.

The Company may pay finders' fees in cash and warrants bearing the same terms as the Unit Warrants. All shares issued pursuant to the Financing and any shares issued through the exercise of warrants will be subject to a four-month hold from the closing date. The Financing is subject to TSXV Exchange approval.

Leadership Transition

VanadiumCorp also announces the resignation of Gilles Dupuis from his roles as Chief Operating Officer and Director. We want to thank Gilles for his contributions to VanadiumCorp and the CIMM facility, where he played a key role in establishing the pilot plant. His leadership and dedication have been greatly appreciated, and we wish him all the best in his future endeavors.

Looking Ahead

VanadiumCorp remains focused on strategically advancing its critical mineral projects to accelerate development. With a strengthening investment case for North American vanadium production, the Company's diversified portfolio offers multiple pathways for long-term value creation.

About VanadiumCorp Resource Inc.

VanadiumCorp Resource Inc. is a Canadian critical mineral exploration company focused on developing

vanadium-rich assets in Quebec. Its flagship Lac Doré Vanadium Project offers high-purity vanadium with excellent recoveries, ideal for energy storage applications. The company has also built an electrolyte pilot plant in Val-des-Sources, Québec, designed to test extracted vanadium materials and launch future commercial production of vanadium electrolyte for VRFBs. With vanadium and titanium now designated as Critical Minerals in Canada and the U.S., VanadiumCorp is aligned with national strategies to strengthen domestic supply chains.

On behalf of the Board of VanadiumCorp Resource Inc.,

Kristien Davenport

CEO & President

Forward-Looking Statements

This document may contain forward-looking statements (including "forward-looking information" within the meaning of applicable Canadian securities laws and "forward-looking statements" within the meaning of the US Private Securities Litigation Reform Act of 1995) regarding, among other things, VanadiumCorp's business and the environment in which it operates. In general, forward-looking statements can be identified by the use of words such as "anticipates", "expects" or "does not expect", "is expected", "budget", "forecast", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "could" or "will be taken", "occur" or "will be achieved". VanadiumCorp relies on a number of assumptions and estimates to make these forward-looking statements, including, without limitation, the ability to acquire the necessary permits and authorizations to advance the Lac Doré property to the production stage, the ability to add to existing resources at Lac Doré through drilling, the costs associated with the development and operation of its properties. These assumptions and estimates are made in light of forecasts and conditions that are considered relevant and reasonable based on available information and current circumstances. A number of risk factors may cause actual results, level of activity, performance or results of such exploration and/or mine development to differ materially from those expressed or implied by such forward-looking statements, including, without limitation, whether such discoveries will result in commercially viable quantities of such mineralized materials, the ability to modify project parameters as plans continue to be refined, the ability to execute planned future exploration and drilling programs, the need for additional financing to continue exploration and development efforts, changes in general economic, market and business conditions, and other risks outlined in VanadiumCorp's latest Annual Information Form under the heading "Risk Factors" and in its other public documents. Forward-looking statements are not guarantees of future performance and such information is inherently subject to known and unknown risks, uncertainties and other factors that are difficult to predict and that may be beyond VanadiumCorp's control. Although VanadiumCorp has attempted to identify important risks and factors that could cause actual actions, events or results to differ materially from those described in the forward-looking statements, there may be other factors and risks that cause actions, events or results not to be as anticipated, estimated or intended. Accordingly, undue reliance should not be placed on these forward-looking statements. In addition, all forward-looking statements in this press release are made as of the date of this press release. VanadiumCorp disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable securities laws.

The forward-looking statements contained herein are expressly qualified by this disclaimer.
