

Sitka Gold Corp. Closes \$2.05 Million Financing

05.11.2025 | [The Newswire](#)

[Sitka Gold Corp.](#) ("Sitka" or the "Company") (TSX-V:SIG) is pleased to announce it has closed its previously announced non-brokered private placement with certain existing strategic investors for aggregate gross proceeds of \$2,055,000 (the "Offering") through the issuance of 1,500,000 flow-through common shares (each, a "FT Share") issued at a price of \$1.37 per FT Share. Each of the FT Shares will qualify as "flow-through shares" within the meaning of the Income Tax Act (Canada) (the "Tax Act").

"This financing, together with the financing that closed last week for \$28.5 million, represents a pivotal milestone for Sitka, significantly strengthening our treasury to over \$43 million and positioning the Company to rapidly advance its flagship RC Gold Project," stated Cor Coe, CEO and Director of Sitka Gold. "The proceeds from these financings will enable Sitka to plan the largest drill program ever conducted at RC Gold. Up to 60,000 metres of diamond drilling is anticipated at RC Gold in 2026, which will effectively double the total metres drilled to date and rank among the largest drill campaigns ever conducted in the Yukon. With 62 drill holes pending from RC Gold and an additional 7 drill holes pending from the Coppermine River Project, we anticipate a steady flow of assay results following the close of this financing."

The Company will use an amount equal to the gross proceeds from the sale of the FT Shares to incur eligible "Canadian exploration expenses" that will qualify as "flow-through mining expenditures" as such terms are defined in the Tax Act (the "Qualifying Expenditures") related to the Company's RC Gold Project in the Yukon Territory, Canada on or before December 31, 2026. All Qualifying Expenditures will be renounced in favour of the subscribers effective December 31, 2025.

The Offering remains subject to final acceptance from the TSX Venture Exchange. All securities issued pursuant to the Offering are subject to a hold period expiring on March 6, 2026. No finder's fees were paid in respect of the Offering.

The securities offered pursuant to the Offering have not been, and will not be, registered under the United States Securities Act of 1933 (the "U.S. Securities Act") or any U.S. state securities laws, and may not be offered or sold in the United States or to, or for the account or benefit of, United States persons absent registration or any applicable exemption from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws.

The Company wishes to clarify its previously disseminated news release dated October 30, 2025, announcing the closing of its \$28.5 million financing. The news release inadvertently disclosed that the Company issued an aggregate of 974,000 Compensation Options to the Underwriters. The actual number of Compensation Options issued in connection with the brokered offering was 974,100.
