

Mexican Gold Acquires Tatatila Project in Mexico

13.11.2025 | [Newsfile](#)

Vancouver, November 12, 2025 - [Mexican Gold Mining Corp.](#) (TSXV: MEX) (OTCQB: MEXGF) (the "Company" or "Mexican Gold") is pleased to announce that, pursuant to a mining concessions assignment agreement (the "Assignment Agreement") between the Company and its subsidiary, Roca Verde Exploración de México, S.A. de C.V. ("Roca Verde"), with [Chesapeake Gold Corp.](#) ("Chesapeake") and its subsidiaries Minerales El Prado, S.A. de C.V. ("MEP") and Chesapeake México, S.A. de C.V. ("Chesapeake Mexico") disclosed in the Company's news release of October 1, 2025, Mexican Gold has acquired 100% of the title and interest (the "Interest") in and to certain mineral titles, and the rights derived therefrom, covering an aggregate of 3,824.3585 hectares known as the Tatatila Project in Veracruz State, Mexico (see Figure 1).

The Tatatila concessions surround or are adjacent to Mexican Gold's Las Minas Project.

As consideration for the Tatatila Project, the Company has issued to Chesapeake an aggregate of 4,451,361 common shares of the Company (the "Consideration Shares"), each issued at a deemed value of \$0.05 for an aggregate deemed value of \$222,568. These Consideration Shares represent 14.99% of the total issued and outstanding common shares of the Company. As further consideration for the Interest, the Company has granted to Chesapeake Mexico a net smelter returns royalty ("Royalty") in an amount equivalent to 1.5%. The Company shall have a buy-back option on the Royalty that provides Roca Verde with the right to purchase 0.5% of the Royalty from Chesapeake Mexico for US\$500,000 during the 10 years following the date of execution of the Assignment Agreement, which would reduce the Royalty to 1%.

All Consideration Shares are subject to a statutory hold period expiring March 13, 2026, being the date that is four months and one day from the date of issuance in accordance with applicable Canadian securities legislation. In addition, the Consideration Shares are subject to further lock up restrictions (the "Lock Up") such that 25% of the Consideration Shares will be released on November 12, 2026, being the date that is the one (1) year from the date of issuance. Every six (6) months thereafter, a further 25% of the Consideration Shares will be released from the Lock Up such that all Consideration Shares will be released from Lock Up over a period of two and a half (2.5) years from the date of issuance.

The transaction remains subject to the receipt of final acceptance of the TSX Venture Exchange.

About Mexican Gold Mining Corp.

Mexican Gold is a Canadian-based mineral exploration and development company committed to building long-term value through ongoing discoveries and strategic acquisitions of prospective precious metals and copper projects in the Americas. Mexican Gold is exploring and advancing the Las Minas Project, which is located in the core of the Las Minas mining district in Veracruz State, Mexico, and host to one of the newest, under-explored skarn systems known in Mexico.

Cautionary Statements Regarding Forward-Looking Information

This news release contains certain "forward-looking information" and "forward-looking statements" (collectively "forward-looking statements") within the meaning of applicable securities legislation. All statements, other than statements of historical fact, included herein, without limitation, statements relating to future operating or financial performance of the Company, are forward-looking statements. Forward-looking statements are frequently, but not always, identified by words such as "expects", "anticipates", "believes", "intends", "estimates", "potential", "possible", and similar expressions, or statements that events, conditions, or results "will", "may", "could", or "should" occur or be achieved. Forward-looking statements in this news release relate to, among other things, the staged releases of the Consideration Shares from Lock Up and the receipt of final acceptance of the TSX Venture Exchange. There can be no assurance that such statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements. Forward-looking statements reflect the beliefs, opinions and projections on the date the statements are made and are based upon a number of assumptions and estimates that, while considered reasonable by the Company, are inherently subject to significant business, economic, competitive, political and social uncertainties and contingencies. Many factors, both known and unknown, could cause actual results, performance or achievements to be materially different from the results, performance or achievements that are or may be expressed or implied by such forward-looking statements and the parties have made assumptions and estimates based on or related to many of these factors. Such factors include, without limitation, the ability of the Company to obtain final acceptance of the TSX Venture Exchange. Readers should not place undue reliance on the forward-looking statements and information contained in this news release concerning these items. The Company does not assume any obligation to update the forward-looking statements should beliefs, opinions, projections, or other factors change, except as required by applicable securities laws.
