Joining the ANS aligns with New Earth's strategic commitment to responsible uranium exploration.

## Other Corporate Developments

The Company has engaged Investor Insights Systems Inc. for a term of three months commencing November 11th, 2025, to provide digital marketing services, including digital content creation, distribution, search engine marketing (SEM), pay-per-click (PPC) advertising and market awareness campaigns. Investor Insights will receive a total fee of \$120,000 plus GST/HST, payable upfront, in consideration for services to be provided through the term of the engagement. To the Company's knowledge, neither Investor Insights nor its principals have any further interest, directly or indirectly, in the securities of the Company. The Company is at arm's length from Investor Insights. Services provided by Investor Insights will be overseen by Mac Foster, who can be reached at 179 Shaw Street, Toronto, Ontario, Canada, telephone: 647-302-3382, e-mail: [mac@investorinsightssystems.com](mailto:mac@investorinsightssystems.com).

Pursuant to the agreement with Investor Insights, the Company will compensate Investor Insights \$120,000, with the option, at the Company's sole discretion, to extend services and increase the budget up to an additional \$300,000 if the Company has appropriate funding. The agreement will expire at the end of the three-month term or when the marketing budget is fully expended, whichever occurs first. No securities of the Company will be issued to Investor Insights as consideration for the services.

## About the Company

New Earth Resources Corp. is a Canadian-based mineral exploration company acquiring and developing advanced and early-stage exploration projects. Its flagship project is its 100% owned, past-producing Lucky Boy Uranium Property located in Gila County, Arizona, USA. Consisting of 14 Lode Claims, and spanning approximately 273 acres, the Lucky Boy Project covers a small open pit and underground workings that produced uranium in the 1950's, and again in the 1970's. In addition to Lucky Boy, included in the Company's uranium portfolio are three claims located in Saskatchewan, Canada covering 365 hectares.

The Company also has the option to acquire a 100% interest in 23 claims covering approximately 1,101 hectares in the Strange Lake area of Quebec, Canada, known as the "SL Project", which is prospective for rare earth elements.
