About Eastern Platinum Limited

Eastplats owns directly and indirectly a number of PGM and chrome assets in the Republic of South Africa. All of the Company's properties are situated on the western limb (Crocodile River Mine) and eastern limb (Kennedy's Vale, Spitzkop, Mareesburg) of the Bushveld Complex, the geological environment that hosts approximately 80% of the world's PGM-bearing ore.

Operations at the Crocodile River Mine currently include mining and processing ore from the Zandfontein underground section to both produce PGM and chrome concentrates, respectively.
