Further to its news release of November 7, 2025, [Colibri Resource Corp.](#) (TSXV: CBI) ("Colibri" or the "Company") wishes to provide a full summary of its recently completed over-subscribed non-brokered private placement (the "Offering") of units (the "Units").

Each Unit is comprised of one (1) common share (a "Common Share") and one (1) common share purchase warrant ("Warrants") of the Company. Each Warrant entitles the holder to acquire one additional Common Share of the Company at a price of C\$0.25 for a period of 24 months upon issuance.

The Company closed two tranches of the Offering: (a) a first tranche which closed on October 31, 2025 with the Company issuing 9,004,816 Units for gross proceeds of \$1,350,722 with closing being announced by news release on November 3, 2025; and (b) a second and final tranche which closed on November 5, 2025 with the Company issuing 939,867 Units for gross proceeds of \$140,980 with closing being announced by news release on November 7, 2025. In connection with the Offering, the Company has agreed to pay finder's fees totalling \$71,504 and issue 476,693 non-transferable finder's warrants (the "Finder's Warrants"). Each Finder's Warrant entitles the holder to acquire one Common Share of the Company at a price of C\$0.25 for a period of 24 months following issuance.

Mr. Ian McGavney, director and CEO of the Company, purchased 269,000 Units at a cost of \$40,350. His participation constitutes a related party transaction under Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101") which would normally be subject to formal valuation and minority shareholder approval requirements but is exempt pursuant to subsections 5.5(a) and 5.7(a) of MI 61-101 as the value of his purchase does not exceed 25% of the Company's market capitalization.

The Common Shares, Warrants and Finder's Warrants are subject to a statutory hold period expiring on the date that is four months and one day upon issuance. The Offering is subject to final TSX Venture Exchange acceptance.

Net proceeds will be used to fund the exploration at Colibri's flagship Mexican gold projects, including Pilar and EP, and for general working capital.
