Thunder Bay, November 18, 2025 - [Metals Creek Resources Corp.](#) (TSXV: MEK) (FSE: M1C1) (the "Company" or "Metals Creek") announces that, further to its October 21, 2025 news release it has received conditional approval from the TSX Venture Exchange (the "Exchange") for its non-brokered private placement of both non-flow through and flow-through units (the "Financing").

The Company intends to issue up to 12,500,000 flow-through units at a price of \$0.04 per unit (the "FT Units") and up to 14,285,714 non-flow-through units at a price of \$0.035 per unit (the "NFT Units") for aggregate proceeds of up to \$1,000,000. Each FT Unit consists of one flow-through common share (the "FT Shares") and one-half of a non-flow through common share purchase warrant (the "FT Warrants"), each whole FT Warrant entitling the holder to purchase one additional non-flow through common share of the Company at an exercise price of \$0.06 per common share for a period of 24 months from the date of issue. The FT Shares will entitle the holder to receive the tax benefits applicable to flow-through shares, in accordance with provisions of the Income Tax Act (Canada). Each NFT Unit consists of one non-flow through common share and one non-flow through common share purchase warrant (the "NFT Warrants"), each NFT Warrant entitling the holder to purchase one additional non-flow through common share of the Company at an exercise price of \$0.06 per common share for a period of 60 months from the date of issue.

Further, the Company has closed a first tranche of the Financing, issuing 7,500,000 NFT Units and 8,625,000 FT Units, for aggregate gross proceeds of \$607,500.

The proceeds raised from the FT Units will be used for exploration on the Company's Newfoundland and Ontario properties including its Ogden Gold Project and will ensure that such Canadian Exploration Expenses qualify as a "flow-through mining expenditure" for purposes of the Income Tax Act (Canada), related to the exploration of the Company's exploration projects.
