Vancouver, November 25, 2025 - [Kenadyr Metals Corp.](#) (TSXV: KEN.H) (OTC: KNDY) (FSE: KM0) (the "Corporation" or "Kenadyr"), to be renamed Algo Grande Copper Corp., announces it has appointed Enrico Gay as its Chief Executive Officer. Mr. Gay is a founding member of Kenadyr's transformation to Algo Grande and has spearheaded the ongoing acquisition of the Adelita Project as well as the Company's recent financing. A capital markets professional with over a decade of experience in project management, Mr. Gay brings a proven record of hands-on leadership in corporate structuring, finance, project execution, team development, and strategic communications, supporting both private and public companies across mining, technology, and other business sectors. He holds a BA from the University of British Columbia. Timothy McCutcheon has stepped down from his role as CEO but remains as a Director of the Company.

Enrico Gay, CEO of Kenadyr Metals, commented: "Kenadyr is entering a new chapter of growth with the acquisition of the Adelita Project and the formation of an expanding management team. I am proud to lead the Company as we advance this district-scale, copper-gold-silver skarn-porphyry system. With Dr. Peter Megaw and Minera Cascabel as our on-the-ground partners in Mexico, and the Company's accomplished capital markets team, we are well positioned to unlock the project's full potential and drive long-term growth with a clear mandate to deliver significant shareholder value."

Timothy McCutcheon, Director of Kenadyr Metals, commented: "Kenadyr is on a new path of project development with its pending acquisition of the Adelita copper project in Mexico, and Enrico is the perfect fit for the Company to advance this project successfully. I look forward to working with him and the rest of the team to make the Company a success."

Kenadyr Metals Corp. is in the process of acquiring 100% of the Adelita Project, a district-scale copper-gold-silver system in the Sonora-Arizona Copper Belt. Following reactivation, the Company will operate as Algo Grande Copper Corp., a growth-focused copper exploration company focused on expanding the Adelita Project - a district scale, multi-system copper-gold-silver project situated in the prolific Arizona-Sonora copper belt. The Company is committed to disciplined, data-driven exploration and technical excellence as it advances the project toward resource definition.

All required documentation for the Adelita acquisition and TSXV reactivation has been submitted. The Company and vendors are now awaiting the Exchange's final review and confirmation of a reactivation date. Upon approval, Kenadyr will resume trading as Algo Grande Copper Corp.

About Kenadyr Metals Corp.

Kenadyr Metals Corp. (TSXV: KEN.H) (OTC: KNDYF), to be renamed Algo Grande Copper Corp., is a growth-focused mineral exploration company advancing the Adelita Project - a district-scale, multi-system copper-gold-silver opportunity positioned in the prolific Arizona-Sonora copper belt.

The company is dedicated to unlocking the full mineral potential of this under-explored corridor through disciplined data-driven exploration, technical excellence, and a firm commitment to value creation for shareholders. The 5,985-hectare Adelita Project is anchored by the high-grade Cerro Grande Cu-Au-Ag skarn discovery, which exhibits strong continuity along a defined corridor extending over 6 kilometers. Reprocessing of legacy geophysical data and field mapping indicate the presence of a potential porphyry system at depth, suggesting a classic skarn-porphyry mineralization model similar to major deposits found throughout northwestern Mexico.
