

# Kirkstone Metals Corp. Engages Hong Kong-Based Sidley Austin to Support Proposed HKEX Secondary Listing

01.12.2025 | [The Newswire](#)

[Kirkstone Metals Corp.](#) (the "Company" or "Kirkstone") (TSXV: KSM, FWB:VOO) is pleased to announce that it has retained the services of the Hong Kong office of the international law firm Sidley Austin LLP ("Sidley Austin") to assist the Company in pursuing a potential secondary listing on the Hong Kong Stock Exchange ("HKEX").

Under the engagement, Sidley Austin will provide legal and regulatory advisory services necessary to support Kirkstone's application for a HKEX listing. The engagement is non-exclusive and the Company may terminate the arrangement at any time. The agreement with Sidley Austin does not guarantee that a secondary listing will be approved by HKEX.

## Strategic Rationale for Proposed HKEX Listing

Kirkstone's Board and management believe a secondary listing in Hong Kong could broaden the Company's shareholder base, increase access to international capital markets - particularly in Asia - and enhance visibility among investors focused on energy transition, critical minerals, and uranium.

This contemplated step is consistent with Canada's broader national agenda to diversify trade and deepen ties with Asian markets. As articulated by Mark Carney, Prime Minister of Canada, the government intends to "double Canada's non-U.S. exports over the next decade," and to build stronger economic and trade relationships across the Indo-Pacific region. \*International Trade Council Oct 23, 2025 news release, Jessica Jamaway.

## 0.0.i.Quote from CEO

Clive Massey, President and CEO of Kirkstone, commented:

"Engaging Sidley Austin to support a possible HKEX listing is an important step in our long-term strategy to align Kirkstone with global capital markets and investors in Asia. As Canada works to strengthen economic and trade ties beyond our traditional markets, we believe our assets and growth prospects can resonate with an international audience. While a listing is subject to regulatory approvals and satisfying HKEX's requirements, we are optimistic about the opportunity to access a broader investor base and contribute to Canada's evolving role in global natural-resource and energy markets."

## 0.0.ii.Forward-Looking Statements and No Assurance of Listing

Kirkstone emphasizes that the engagement of Sidley Austin does not ensure that a secondary listing on HKEX will be achieved. Any listing application will be subject to HKEX's review process, regulatory requirements, and the Company's ability to meet relevant listing qualifications. There is no certainty that an application will be successful, or when it might be completed.

## 0.0.iii.About Kirkstone Metals Corp.

Kirkstone Metals Corp. is a Canadian mineral exploration company focused on uranium assets that support the global transition to clean, reliable, and secure energy. The Company's projects include the Gorilla Lake

Uranium Project and the Key Lake Road Uranium Project, both located within the Athabasca Basin-one of the world's most prolific uranium regions. Kirkstone is committed to responsible development, technical excellence, and disciplined capital management.

#### 0.0.iv.Forward-Looking Information

This news release contains forward-looking statements, including statements regarding the potential exploration activities at the Key Lake Road Project, the possibility of a secondary listing in Asia, and future strategic initiatives. Forward-looking statements are based on current expectations and are subject to known and unknown risks and uncertainties that may cause actual results to differ materially. Kirkstone undertakes no obligation to update any forward-looking statements except as required by law.
