

# Orla Mining Announces Inaugural Dividend and Quarterly Dividend Program

03.12.2025 | [CNW](#)

[Orla Mining Ltd.](#) (TSX: OLA) (NYSE: ORLA) ("Orla" or the "Company") is pleased to announce that its Board of Directors has declared an inaugural quarterly cash dividend of US\$0.015 per common share of the Company (the "Shares"), which is payable on February 10, 2026 to shareholders of record as at the close of business on the record date of January 12, 2026. The Board of Directors has also approved a policy under which the Company intends to pay a regular quarterly dividend of US\$0.015 per Share, or US\$0.06 per Share annually. The decision underscores the Company's strong financial strength, confidence in its long-term growth strategy, and commitment to returning capital to shareholders.

This new dividend policy is a direct reflection of the Company's disciplined approach to balancing strategic growth investments with direct shareholder returns. In particular, the Company is well positioned to fund the construction of the South Railroad Gold Project along with its other internal growth initiatives while also providing shareholder returns in the form of a dividend.

"This initial return of capital represents a significant milestone in Orla's growth. Our rapid evolution from exploration to a diversified gold producer reflects both the strength of our strategy and the discipline of our execution. As construction of the South Railroad Project moves forward in 2026/2027, we will be operating in three countries across North America with a continued focus on generating sustainable value for our shareholders."

- Jason Simpson, President & CEO

The dividend is designated as an "eligible dividend" for Canadian income tax purposes.

The declaration, amount, and payment of future dividends remain subject to the discretion of the Board of Directors and will depend upon the company's financial results, capital requirements, business conditions, and other factors. The Company will review the dividend policy on an ongoing basis and may amend it at any time depending on the Company's then current financial position, capital allocation framework, profitability, cash flow, debt covenant compliance, legal requirements and other factors considered relevant. As such, aside from the inaugural dividend, no assurance can be made that any future dividends will be declared and/or paid.

Based on the Company's closing share price of US\$13.35 per share on the NYSE American on December 3, 2025, the quarterly dividend declared implies a forward annualized dividend yield of 0.45%. Based on 340 million shares outstanding as of December 3, 2025, the total dividend to be paid in February 2026 is expected to be approximately US\$5.1 million.

About Orla Mining Ltd.

Orla's corporate strategy is to acquire, develop, and operate mineral properties where the Company's expertise can substantially increase stakeholder value. The Company has three material projects, consisting of two operating mines and one development project, all 100% owned by the Company: (1) Camino Rojo, in Zacatecas State, Mexico, an operating gold and silver open-pit and heap leach mine. The property covers over 139,000 hectares which contains a large oxide and sulphide mineral resource, (2) Musselwhite Mine, in Northwestern Ontario, Canada, an underground gold mine that has been in operation for over 25 years and produced over 6 million ounces of gold, with a long history of resource growth and conversion, and (3) South Railroad, in Nevada, United States, a feasibility-stage, open pit, heap leach gold project located on the Carlin trend in Nevada. The technical reports for the Company's material projects are available on Orla's website at [www.orlamining.com](http://www.orlamining.com), and on SEDAR+ and EDGAR under the Company's profile at [www.sedarplus.ca](http://www.sedarplus.ca) and [www.sec.gov](http://www.sec.gov), respectively.
