13:00 Uhr | GlobeNewswire

VANCOUVER, Dec. 24, 2025 - <u>Anfield Energy Inc.</u> ("Anfield" or the "Company") (TSX.V: AEC; NASDAQ: AEC; FRANKFURT: 0AD) is pleased to announce a non-brokered private placement offering of up to 1,120,000 common shares in the capital of the Company (the "LIFE Shares") at a price of \$6.25 per LIFE Share (the "Issue Price") for gross proceeds to the Company of up to \$7,000,000 (the "LIFE Offering"), with the LIFE Shares to be issued pursuant to the listed issuer financing exemption under Part 5A of National Instrument 45-106 - *Prospectus Exemptions* ("NI 45-106"), as amended by Coordinated Blanket Order 45-935 - *Exemptions from Certain Conditions of the Listed Issuer Financing Exemption* (the "Listed Issuer Financing Exemption").

The Company also announces that <u>Uranium Energy Corp.</u> ("Uranium Energy") has indicated an intention to subscribe for up to 1,120,000 subscription receipts of the Company (the "Subscription Receipts") at the Issue Price in a concurrent non-brokered private placement (the "Concurrent Offering", and together with the LIFE Offering, the "Offering") for gross proceeds to the Company of up to \$7,000,000. As a result, the total gross proceeds from the Offering are expected to be up to \$14,000,000.

Each Subscription Receipt will entitle Uranium Energy to receive, upon satisfaction of the Escrow Release Conditions (as defined below) on or prior to 5:00 p.m. (Vancouver time) on March 31, 2026 or such other date as may be agreed to in writing by the Company and Uranium Energy (the "Escrow Release Deadline"), one (1) common share in the capital of the Company (each, a "Common Share"), without payment of additional consideration and without further action on the part of Uranium Energy. The Company requires the approval of the TSX Venture Exchange ("TSXV") of Uranium Energy's participation in the Concurrent Offering and, pursuant to the policies of the TSXV, the approval of the disinterested shareholders of the Company of Uranium Energy as a "Control Person" of the Company (as such term is defined by the policies of the TSXV) by at least a simple majority of the votes cast at a special meeting of shareholders of the Company, excluding votes attached to Common Shares held by Uranium Energy and its "Associates" and "Affiliates" (as such terms are defined by the policies of the TSXV) (the "Escrow Release Conditions").

The Company intends to use the net proceeds from the Offering to fund capital commitments to the West Slope Project, Velvet-Wood Project, the Slick Rock Project, and Shootaring Canyon Mill and for general corporate purposes and working capital.

The Offering is expected to close on or about December 31, 2025 or such other date as may be mutually agreed by the Company and Uranium Energy in respect of the Concurrent Offering, and is subject to customary closing conditions, including receipt of required approvals of the TSXV and the Nasdaq Capital Market LLC (the "NASDAQ").

Uranium Energy's participation in the Concurrent Offering constitutes a "related party transaction" within the meaning of TSXV Policy 5.9 - *Protection of Minority Security Holders in Special Transactions* and Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions* ("MI 61-101"). The Company intends to rely on the exemptions from the formal valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101 in respect of the Concurrent Offering as neither the fair market value (as determined under MI 61-101) of the subject matter of, nor the fair market value of the consideration for, the transaction, insofar as it involves the related parties, is expected to exceed 25% of the Company's market capitalization (as determined under MI 61-101). However, pursuant to the policies of the TSXV, the Company will seek the approval of the disinterested shareholders of the Company of Uranium Energy as a "Control Person" of the Company (as such term is defined by the policies of the TSXV) by at least a simple majority of the votes cast at a special meeting of

shareholders of the Company, excluding votes attached to Common Shares held by Uranium Energy and its "Associates" and "Affiliates" (as such terms are defined by the policies of the TSXV).

Subject to compliance with applicable regulatory requirements and in accordance with NI 45-106, the LIFE Shares will be offered for sale to purchasers resident (i) in each of the provinces and territories of Canada, except Quebec, pursuant to the Listed Issuer Financing Exemption, and (ii) in the United States pursuant to available exemptions from the registration requirements of the United States Securities Act of 1933, as amended (the "1933 Act"). As the LIFE Offering is being completed pursuant to the Listed Issuer Financing Exemption, the LIFE Shares issued to Canadian subscribers pursuant to the LIFE Offering will not be subject to a hold period pursuant to applicable Canadian securities laws. The Subscription Receipts issued pursuant to the Concurrent Offering will be subject to a hold period of four months and a day under applicable Canadian securities laws.

There is an offering document related to the LIFE Offering that can be accessed under the Company's issuer profile on SEDAR+ at www.sedarplus.ca and on the Company's website at www.anfieldenergy.com. Prospective investors should read the offering document before making an investment decision.

The Company may elect to pay finders' fees to eligible parties who have introduced subscribers to the Offering and will determine the amount of such fees in negotiation with the eligible parties, in accordance with the policies of the TSXV.
