00:09 Uhr | [GlobeNewswire](#)

TORONTO, Dec. 29, 2025 - [Copper Road Resources Inc.](#) (TSX-V: CRD) ("Copper Road" or the "Company") announces today that due to additional investor demand it is increasing the offering size of its non-brokered private placement as previously announced on December 19, 2025. The upsized offering (the "Offering") will consist of the sale of up to: (i) 8,747,500 common share units in the capital of the Company (each, a "Unit") at a price of \$0.035 per Unit for gross proceeds of up to \$349,900; (ii) 13,333,333 flow-through units of the Company (each, a "FT Unit") at a price of \$0.045 per FT Unit for gross proceeds of up to \$600,000; and (iii) 2,700,000 FT Units at a price of \$0.05 per FT Unit for gross proceeds of up to \$135,000.

Each Unit consists of one common share of the Company and one common share purchase warrant (each, a "Warrant"). Each FT Unit consists of one common share and one Warrant of the Company each to be issued as a "flow-through share" within the meaning of subsection 66(15) of the *Income Tax Act* (Canada). Each Warrant shall entitle the holder to purchase one common share of the Company at a price of \$0.05 at any time on or before that date which is 18 months after the date of issuance.

The gross proceeds from the sale of FT Units will be used to incur eligible "Canadian exploration expenses" that qualify as "flow-through critical mineral mining expenditures" as both terms are defined in *Income Tax Act* (Canada) ("Qualifying Expenditures"). All Qualifying Expenditures will be renounced in favour of the subscribers of the FT Units effective December 31, 2025. More specifically, it is anticipated that the proceeds from the sale of FT Units will be used for exploration of the Ben Nevis Project or on the Company's other Ontario properties.

The proceeds from the sale of Units will be for property payments on the Ben Nevis Project as well as for general working capital.

The Company may pay finder's fees to eligible finders in connection with the Offering. Certain insiders of Copper Road may participate in the Offering, which would constitute a "related party transaction", as such term is defined in Multilateral Instrument 61-101 - *Protection of Minority Shareholders in Special Transactions* ("MI 61-101"). The Company intends to rely on the exemptions from the valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101, as the fair market value of the acquired securities by such insiders will not exceed 25% of the market capitalization of the Company, as determined in accordance with MI 61-101.

All of the securities issued and issuable in connection with the Offering will be subject to a hold period expiring four months and one day after the date of issuance of the securities. Completion of the Offering is subject to the receipt of all required regulatory approvals, including the approval of the TSX Venture Exchange.

The securities to be offered pursuant to the Offering have not been, and will not be, registered under the U.S. Securities Act or any U.S. state securities laws, and may not be offered or sold in the United States or to, or for the account or benefit of, United States persons absent registration or any applicable exemption from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. This news release shall not constitute an offer to sell or the solicitation of an offer to buy securities in the United States, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

The first tranche of the Offering consisting of the issuance of 2,435,000 Units and 9,952,447 FT Units for aggregate gross proceeds of \$545,260 closed on December 24, 2025. The final tranche of the Offering is anticipated to close by December 31, 2025.

Neither the TSX Venture Exchange nor its Market Regulator (as that term is defined in the policies of the

TSX Venture Exchange) have reviewed or accept responsibility for the adequacy or accuracy of this release.
