

Buffalo Potash Corporation Announces Start of Trading on the TSXV

05.01.2026 | [Newsfile](#)

- Buffalo Potash receives final approval for listing from the TSX Venture Exchange.
- Buffalo Potash to start trading under the symbol "BUFF" on January 6, 2026.

[Buffalo Potash Corporation](#) (formerly, 1377319 B.C. Ltd.) (TSXV: BUFF) (the "Company") is pleased to announce that it has received final approval for listing from the TSX Venture Exchange (the "TSXV"). The common shares of the Company (CUSIP 119794105 / ISIN CA1197941059) will commence trading on the TSXV under the symbol "BUFF" on January 6, 2026.

Mr. Steve Halabura P.Geo., Chief Executive Officer of the Company, commented: "I am very grateful for the tireless work undertaken by our team to achieve this milestone and what it means for the future of Buffalo. I am also humbled by the opportunity to lead Buffalo at this pivotal moment in Company history - the commencement of the Disley Showcase project in the world's premier potash jurisdiction. Tireless planning, integrity and flawless execution — that's what will help us build on the current momentum as we proceed with our commercial roadmap for modular selective solution mining of potash in Saskatchewan."

The listing of the Company on the TSXV follows a successful financing of approximately \$7.78 million in December 2025. The Company has an experienced and motivated management team led by its CEO and director, Stephen Halabura, COO, Quinton Hardage, and CFO, Akash Patel and board members Morgan Tincher, Dean Potter, and Peter Jackson. On listing, the Company will have outstanding 81,059,780 common shares issued and outstanding, and 19,817,683 common shares reserved for issuance upon the exercise of certain stock options, finder's warrants and warrants of the Company. For more information regarding the Company, please refer to its filing statement dated December 23, 2025, which is available at www.sedarplus.ca.

About Buffalo Potash

Buffalo Potash is a Saskatchewan-based potash developer pursuing a modular approach to solution mining through its patented Horizontal Line-Drive (HLD) technology. Buffalo is advancing the Disley Project and related assets with the objective of establishing capital-efficient, lower-impact potash production in Canada's leading potash jurisdiction.

Forward-Looking Information

This news release contains "forward-looking information" and "forward-looking statements" (collectively, "forward-looking information") within the meaning of applicable securities laws. Forward-looking information is generally identifiable by use of the words "believes," "may," "plans," "will," "anticipates," "intends," "could", "estimates", "expects", "forecasts", "projects" and similar expressions, and the negative of such expressions. Forward-looking information in this news release includes statements about the Company's listing and commencement of trading on the TSXV.

Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the Company's actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information. Forward-looking information is based on the reasonable assumptions, estimates, analysis and opinions of management made in light of its experience and perception of trends, current conditions and expected developments, and other factors that management believes are relevant and reasonable in the circumstances at the date such statements are made. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information. All forward-looking information herein is qualified in its entirety by this cautionary statement, and the Company disclaims any obligation to revise or update any such forward-looking information or to publicly announce the result of any revisions to any of the forward-looking information contained herein to reflect future results, events or developments, except as required by law.
