

Future Fuels Graduates to OTCQX(R) Best Market

07.01.2026 | [ACCESS Newswire](#)

VANCOUVER, January 7, 2026 - [Future Fuels Inc.](#) (TSXV:FTUR)(FSE:S0J) ("Future Fuels" or the "Company") is pleased to announce that OTC Markets Group Inc., operator of regulated markets for trading 12,000 U.S. and international securities, today announced that Future Fuels has qualified to trade on the OTCQX® Best Market. Future Fuels previously traded on the OTCQB® Venture Market.

Future Fuels begins trading today on OTCQX under the symbol "FTURF". U.S. investors can access current financial disclosure and real-time level 2 quotes for the Company at www.otcmarkets.com.

The OTCQX Market is designed for established, investor-focused U.S. and international companies. In order to qualify, companies must meet more stringent qualification requirements than other OTC marketplaces, including higher financial standards, follow best practice corporate governance, and demonstrate compliance with applicable securities laws. Graduating to the OTCQX Market from the OTCQB marks a significant milestone that allows companies to demonstrate their qualifications and enhance visibility within the U.S. investment community.

"Graduating to the OTCQX Market marks another important step forward in our mission to build a leading North American mineral exploration company," stated Rob Leckie, CEO of Future Fuels Inc. "This upgrade reflects the financial strength of our company, our commitment to transparent disclosure, and our intention to engage a broader base of U.S. investors as we continue to advance exploration and development at our Hornby Uranium Project and other strategic mineral assets."

About OTC Markets Group Inc.

OTC Markets Group Inc. operates regulated markets for trading 12,000 U.S. and international securities. Our data-driven disclosure standards form the foundation of our public markets: OTCQX® Best Market, OTCQB® Venture Market, OTCID™ Basic Market and Pink Limited™ Market. Our OTC Link® Alternative Trading Systems (ATSS) provide critical market infrastructure that broker-dealers rely on to facilitate trading. Our innovative model offers companies more efficient access to the U.S. financial markets.

OTC Link ATS, OTC Link ECN, OTC Link NQB, and MOON ATS™ are each SEC regulated ATS, operated by OTC Link LLC, a FINRA and SEC registered broker-dealer, member SIPC. To learn more about how we create better informed and more efficient markets, visit www.otcmarkets.com.

Forward Looking Statements

Neither the TSX Venture Exchange nor its Regulation Service Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release contains forward-looking statements and other statements that are not historical facts. Forward-looking statements are often identified by terms such as "will", "may", "should", "anticipate", "expects" and similar expressions. All statements other than statements of historical fact included in this news release are forward-looking statements that involve risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company's expectations include but are not limited to market conditions and the risks detailed from time to time in the filings made by the Company with securities regulators. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company. The reader is cautioned not to place undue reliance on any forward-looking information, including, but not limited to, statements regarding the Hornby Project, the prospects of the mineral claims forming the Hornby Project, which are not at an advanced stage of development, the Company's anticipated business and operational activities, and the Company's plans with respect to the exploration or advancement of the Hornby Project. Factors that could cause actual results to vary from forward-looking statements or may affect the operations, performance, development and results of the Company's business include, among other things, the Company's ability to generate sufficient cash flow to meet its current and future obligations; that mineral exploration is inherently uncertain and may be unsuccessful in achieving the desired results; that mineral exploration plans may change and be re-defined based on a number of factors, many of which are outside of the Company's control; the Company's ability to access sources of debt and equity capital; competitive factors, pricing pressures and supply and demand in the Company's industry; and general economic and business. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The forward-looking statements contained in this news release are made as of the date of this news release and the Company will update or revise publicly any of the included forward-looking statements as expressly required by applicable law.
