Forward-Looking Statements

This news release includes certain "forward looking statements". Forward-looking statements consist of statements that are not purely historical, including statements regarding beliefs, plans, expectations or intentions for the future, and include, but are not limited to, statements with respect to: the approval of the TSX Venture Exchange, the future direction of the Company's strategy; and other activities, events or developments that are expected, anticipated or may occur in the future. These statements are based on assumptions, including: (i) the ability to achieve positive outcomes from test work; (ii) actual results of our exploration, resource goals, metallurgical testing, economic studies and development activities will continue to be positive and proceed as planned; (iii) requisite regulatory and governmental approvals will be received on a timely basis on terms acceptable to Green Shift; (iv) economic, political and industry market conditions will be favourable; and (v) financial markets and the market for uranium, battery commodities and rare earth elements will continue to strengthen. Such statements are subject to risks and uncertainties that may cause actual results, performance or developments to differ materially from those contained in such statements, including, but not limited to: (1) changes in general economic and financial market conditions, (2) changes in demand and prices for minerals, (3) the Company's ability to source commercially viable reactivation

transactions and / or establish appropriate joint venture partnerships, (4) litigation, regulatory, and legislative developments, dependence on regulatory approvals, and changes in environmental compliance requirements, community support and the political and economic climate, (5) the inherent uncertainties and speculative nature associated with exploration results, resource estimates, potential resource growth, future metallurgical test results, changes in project parameters as plans evolve, (6) competitive developments, (7) availability of future financing, (8) exploration risks, and other factors beyond the control of Green Shift including those factors set out in the "Risk Factors" in our Management Discussion and Analysis dated May 28, 2024 for the three months ended March 31, 2024 available on SEDAR+ at www.sedarplus.ca. Readers are cautioned that the assumptions used in the preparation of such information, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward-looking statements. Green Shift assumes no obligation to update such information, except as may be required by law.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this press release.
