

New Earth Resources Appoints Tim Henneberry to Advisory Board

15.01.2026 | [GlobeNewswire](#)

Vancouver, Jan. 15, 2026 - [New Earth Resources Corp.](#) (CSE: EATH) ("New Earth" or the "Company") is pleased to announce the appointment of Tim Henneberry to its advisory board. Mr. Henneberry is a Professional Geoscientist registered in British Columbia, with 45 years' experience in domestic and international exploration and production for uranium, precious and base metals, and industrial minerals. After focusing his early career in precious metal production, he shifted to junior mining consulting and shortly thereafter to the Management side of junior mining.

He has served as founding Director and Chief Executive Office of a number of TSX.V and CSE junior miners over the past 20 years, and currently serves as a Director after co-founding [Silver Sands Resources Corp.](#), Tana Resources Corp., Grit Metals Corp., Questcorp Mining Inc. and River Road Resources Ltd. He also serves as a Director of iMetal Resources Inc., J4 Ventures Resources Corp., Kirkstone Metals Corp. and Treviso Capital Corp. He acts as a technical advisor for Atomic Minerals Corporation, [Bayridge Resources Corp.](#) and Max Resource Corp. and as Qualified Person under National Instrument 43-101 for [Bronco Resources Corp.](#)

"We are honoured to welcome Tim Henneberry to our advisory board," states Lawrence Hay, CEO of New Earth. "With over 45 years of experience in uranium, precious and base metals, and industrial metals, he brings invaluable knowledge, insight, wisdom and expertise to our team."

About the Company

New Earth Resources Corp. is a Canadian-based mineral exploration company acquiring and developing advanced and early-stage exploration projects. Its flagship project is its 100% owned, past-producing Lucky Boy Uranium Property located in Gila County, Arizona, USA. Consisting of 14 Lode Claims, and spanning approximately 273 acres, the Lucky Boy Project covers a small open pit and underground workings that produced uranium in the 1950's, and again in the 1970's. In addition to Lucky Boy, included in the Company's uranium portfolio are three claims located in Saskatchewan, Canada covering 365 hectares.

The Company also has the option to acquire a 100% interest in 23 claims covering approximately 1,102 hectares in the Strange Lake area of Quebec, Canada, known as the "SL Project", which is prospective for rare earth elements. In addition, the Company has the option to acquire a 100% interest in the Red Wine Rare Earth Project, comprising 2 non-contiguous mineral claims located in Labrador, Canada covering approximately 1,575 hectares.

For further information, please refer to the Company's website at www.newearthresourcescorp.com or the Company's disclosure record on SEDAR+ (www.sedarplus.ca), or contact the Company by email at info@newearthresourcescorp.com.

Forward-Looking Information

Certain statements in this news release are forward-looking statements, including with respect to future plans, and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding-looking wording such as "may", "expect", "estimate", "anticipate", "intend", "believe" and "continue" or the negative thereof or similar variations. The

reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the 3

Company, including but not limited to, business, economic and capital market conditions, the ability to manage operating expenses, and dependence on key personnel. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, anticipated costs, and the ability to achieve goals. Factors that could cause the actual results to differ materially from those in forward-looking statements include, the continued availability of capital and financing, litigation, failure of counterparties to perform their contractual obligations, loss of key employees and consultants, and general economic, market or business conditions. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The reader is cautioned not to place undue reliance on any forward-looking information.

The forward-looking statements contained in this news release are made as of the date of this news release. Except as required by law, the Company disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
