

Rush Rare Metals to Issue Shares

30.01.2026 | [Newsfile](#)

Vancouver, January 30, 2026 - [Rush Rare Metals Corp.](#) (CSE: RSH) ("Rush" or the "Company") announces that it will issue an aggregate of 150,000 common shares of the Company ("Shares") to certain directors of the Company as compensation for services provided to the Company. Each Share will be issued at a deemed price of \$0.18 per Share, representing aggregate consideration of \$27,000, and will be subject to a four month hold period in accordance with the policies of the Canadian Securities Exchange.

The issuance of Shares to the directors is considered to be a "related party transaction" as defined under Multilateral Instrument 61-101 ("MI 61-101"). This issuance is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as the fair market value of such issuance does not exceed 25% of the market capitalization of the Company, as determined in accordance with MI 61-101. In considering and unanimously approving the issuance of the Shares, there were no materially contrary views, abstentions (except for any abstentions required by corporate law) or material disagreements by any director of the Company. The Company will not file a material change report at least 21 days before issuing the Shares, which is reasonable given the MI 61-101 exemptions noted above.
