

A Court-Appointed Annual General Meeting of Gold Basin Shareholders Has Been Called for March 16, 2026

12.02.2026 | [ACCESS Newswire](#)

Gold Basin Is Restrained From Transacting Any Business Without Prior Court Approval

CALGARY, February 12, 2026 - [CANEX Metals Inc.](#) ("CANEX" or the "Company") (TSXV:CANX) is pleased to announce that the Supreme Court of British Columbia (the "Court") on February 11, 2026 ordered that an annual general meeting (the "Meeting") of the shareholders of [Gold Basin Resources Corp.](#) ("Gold Basin") (TSX.V:GXX) be held on March 16, 2026, that CANEX can send notice and conduct the Meeting in the same manner as a general meeting called by the directors of Gold Basin, and that Gold Basin is restrained from transacting any business until the conclusion of the Meeting.

Highlights

- An order from the Supreme Court of British Columbia has called an annual general meeting of the shareholders of Gold Basin on March 16, 2026
- The same order allows CANEX to send notice of the Meeting and conduct the Meeting in the same manner as a general meeting called by the directors of Gold Basin, and Steve McKoen, K.C., is appointed independent chair for the Meeting
- Until the conclusion of the Meeting, the court order restrains Gold Basin from transacting any business, other than that necessary to cooperate with CANEX in convening the Meeting, without prior approval from the Court.
- On February 11, 2026, Gold Basin issued a news release announcing an annual general meeting of Gold Basin shareholders for May 12, 2026, and encouraging interested third parties to submit formal proposals for the current board's consideration. Gold Basin's proposed meeting date has been pre-empted by the court ordered Meeting, and Gold Basin's invitation to third parties to make proposals to the current board is in direct breach of a restraining order issued by the Court on February 2, 2026

Order From the Supreme Court of British Columbia

On February 11, 2026, an order (the "Order") was issued by the Court calling an annual general meeting of Gold Basin shareholders to be held on March 16, 2026, and providing that CANEX may send notice of the Meeting and conduct the Meeting in the same manner as a general meeting called by the directors of Gold Basin. Steven McKoen, K.C. has been appointed independent chair of the Meeting.

The Order also requires Gold Basin to take all steps necessary to correct Gold Basin's central securities register, including any shareholder list kept by Gold Basin and all transfers and shares tendered in connection with the acquisition of common shares of Gold Basin in an all-share transaction by way of a take-over bid initiated by CANEX under National Instrument 62-104 Take-Over Bids and Issuer Bids (the "CANEX Bid").

In addition, Gold Basin has been restrained until the conclusion of the Meeting, from transacting any

business, or causing its subsidiaries to transact any business, other than that necessary to cooperate with CANEX in convening the Meeting, without prior approval from the Court. Without limiting the generality of the foregoing, the Order specifically restrains Gold Basin from:

- (a) selling, transferring, disposing of, leasing or encumbering any property of Gold Basin or its subsidiaries;
- (b) issuing any securities of Gold Basin or its subsidiaries;
- (c) borrowing or lending money or amending the terms of any outstanding debt or liability;
- (d) assuming or becoming subject to any liability or guarantee;
- (e) any movement, transfer or expenditure of money out of any bank account of Gold Basin or its subsidiaries, other than that necessary to convene the Meeting; or
- (f) any action or inaction which would allow a third party to enforce any security, lien or encumbrance over any property.

Despite Gold Basin seeking an adjournment of CANEX's petition for the Order, all issues before the Court were concluded in favor of CANEX.

Only hours before the hearing of the petition on February 11, 2026, Gold Basin issued a news release announcing an annual general meeting of Gold Basin shareholders for May 12, 2026, and encouraging interested third parties to submit formal proposals for consideration by Gold Basin's board. Gold Basin's proposed meeting date was a transparent delaying tactic by a board with no shareholder mandate - that hadn't called an annual meeting in over 20 months in breach of its statutory obligations - to continue to entrench itself at the expense of shareholders' right to elect a board on a timely basis.

In giving reasons for his decision, Justice Walker of the Supreme Court of British Columbia expressly noted that he was greatly troubled by the actions of Gold Basin's current board, and that its solicitation of proposals in its February 11 press release, on its face, breached the terms of an earlier restraining order of the Court pronounced on February 2, 2026.

CANEX has put the board of Gold Basin on notice that it reserves the right to seek contempt orders against them personally in relation to their February 11, 2026 press release and any further actions of Gold Basin that breach the restrictions set out in yesterday's Order.

The current Gold Basin board lost the support of the majority of its shareholders in the successful CANEX Bid. It is disappointing that a failed and rejected board would continue to put shareholders' investment at risk by violating a court order in an effort to sell the assets of Gold Basin out from under their own shareholders.

About CANEX Metals

CANEX Metals (TSXV:CANX) is a Canadian junior exploration company focused on advancing its 100% owned Gold Range Project in Northern Arizona. With several near surface bulk tonnage gold discoveries made to date across a 4 km gold mineralized trend, the Gold Range Project is a compelling early-stage opportunity for investors. CANEX is also advancing the Louise Copper-Gold Porphyry Project in British Columbia. Louise contains a large historic copper-gold resource that has seen very little deep or lateral exploration, offering investors copper and gold discovery potential. CANEX is led by an experienced management team which has made three notable porphyry and bulk tonnage discoveries in North America and is sponsored by Altius Minerals (TSX:ALS), a large shareholder of the Company.
