18.02.2026 | [GlobeNewswire](#)

Vancouver, Feb. 18, 2026 - [Trident Resources Corp.](#) (TSX-V: ROCK) (OTCQB: TRDTF) ("Trident" or the "Company") is pleased to announce that it has closed its previously announced private placements (please refer to the Company's January 27th, 2026, and February 2nd, 2026 news releases). A total of 4,948,000 common shares of the Company that qualify as "flow-through shares" within the meaning of subsection 66(15) of the Income Tax Act (Canada) (the "Tax Act") (each, a "Premium FT Share") were issued at a price of \$3.76 per Premium FT Share (the "Issue Price"), for aggregate gross proceeds of \$18,604,480 (the "Offering").

The brokered portion of the Offering (the "Brokered Offering"), pursuant to which the Company issued 4,600,000 Premium FT Shares, was completed through a syndicate of underwriters (the "Underwriters") led by Haywood Securities Inc., and including Research Capital Corporation. Pursuant to the non-brokered portion of the Offering (the "Non-Brokered Offering"), the Company issued 348,000 Premium FT Shares at the Issue Price.

The Premium FT Shares issued under the Offering were offered to purchasers pursuant to the listed issuer financing exemption under Part 5A of National Instrument 45-106 - Prospectus Exemptions ("NI 45-106") and in reliance on the amendments to Part 5A of NI 45-106 set forth in Coordinated Blanket Order 45-935 - Exemptions from Certain Conditions of the Listed Issuer Financing Exemption, in all the provinces of Canada, except Québec. The Premium FT Shares issued under the Offering are not subject to a statutory hold period pursuant to applicable Canadian securities laws. The Offering is subject to the final approval of the TSX Venture Exchange.

The Company will use the gross proceeds from the Offering to fund further exploration, mineral resource expansion and drilling at Trident's gold projects located in the La Ronge Gold Belt of Saskatchewan, that will qualify as Canadian Exploration Expenses as defined in paragraph (f) of the definition of "Canadian exploration expense" in subsection 66.1(6) of the Income Tax Act (Canada) and "flow through mining expenditures" as defined in subsection 127(9) of the Income Tax Act (Canada) which will be renounced with an effective date no later than December 31, 2026 to the initial purchasers of Premium FT Shares.

Certain related parties of the Company participated in the Non-Brokered Offering. The issuance of Premium FT Shares to related parties is considered to be a related party transaction within the meaning of TSX Venture Exchange Policy 5.9 and Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). The Company has relied on the exemptions from the formal valuation and minority shareholder approval requirements of MI 61-101 (and Policy 5.9) as the fair market value of the Premium FT Shares issued to such persons does not exceed 25% of the Company's market capitalization.

In connection with the Brokered Offering, the Underwriters received an aggregate cash fee equal to 6.0% of the gross proceeds of the Brokered Offering.

There is an amended and restated offering document related to the Offering that can be accessed under the Company's profile at www.sedarplus.ca and on the Company's website at www.tridentresourcescorp.com.
