

Faraday Copper Announces up to C\$100 Million Private Placement with Participation by the Lundin Family Trust and BHP

23.02.2026 | [ACCESS Newswire](#)

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

VANCOUVER, February 23, 2026 - [Faraday Copper Corp.](#) ("Faraday" or the "Company") (TSX:FDY)(OTCQX:CPPKF) is pleased to announce a non-brokered private placement financing for aggregate gross proceeds of up to C\$100,002,000 (the "Offering") from strategic and other investors, including Lundin Family Trusts (as defined below) and a wholly owned subsidiary of [BHP Group Ltd.](#) ("BHP"). The Company intends to use the net proceeds from the Offering primarily for the ongoing advancement of copper projects in Pinal County, Arizona, including transaction expenses in connection with the planned acquisition and integration of the San Manuel property from BHP (see news release dated February 20, 2026).

Under the terms of the Offering, the Company intends to issue up to 23,810,000 common shares (the "Common Shares") at a price of C\$4.20 per Common Share for aggregate gross proceeds of C\$100,002,000.

The Private Placement is scheduled to close on or about March 11, 2026, and will be subject to regulatory approval, including the approval of the Toronto Stock Exchange (the "TSX") and other customary closing conditions for a transaction of this nature including, but not limited to, execution of subscription agreements between the Company and the subscribers.

The Common Shares will be issued on a private placement basis pursuant to exemptions from prospectus requirements under applicable securities laws and will be subject to a statutory hold period of four months and one day from the date of issuance.

Trusts settled by the late Adolf H. Lundin (the "Lundin Family Trusts") have indicated their intention to participate in the Offering. Any such participation would be considered to be a "related party transaction" as defined under Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"), as a private entity controlled by the Lundin Family Trusts is currently the Company's largest shareholder. The Company intends to rely on exemptions from the formal valuation and minority shareholder approval requirements of MI 61-101 as neither the fair market value of any Common Shares issued to or the consideration paid by such persons will exceed 25% of the Company's market capitalization.

The securities offered in the Offering have not been, and will not be, registered under the U.S. Securities Act or any U.S. state securities laws, and may not be offered or sold in the United States or to, or for the account or benefit of, United States persons absent registration or any applicable exemption from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. This news release shall not constitute an offer to sell or the solicitation of an offer to buy securities in the United States, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

About Faraday Copper

Faraday Copper is an exploration company focused on advancing its flagship copper project in Arizona, U.S. The Copper Creek Project is one of the largest undeveloped copper projects in North America with significant district scale exploration potential. Faraday is well-funded to deliver on its key milestones and benefits from a management team and board of directors with senior mining company experience and

expertise. Faraday trades on the TSX under the symbol "FDY".

Cautionary Note on Forward Looking Statements

Some of the statements in this news release, other than statements of historical fact, are "forward-looking statements" and are based on the opinions and estimates of management as of the date such statements are made and are necessarily based on estimates and assumptions that are inherently subject to known and unknown risks, uncertainties and other factors that may cause actual results, level of activity, performance or achievements of Faraday to be materially different from those expressed or implied by such forward- looking statements. Such forward-looking statements and forward-looking information specifically include, but are not limited to, statements concerning the quantum and the completion of the Offering, and the timing thereof; the anticipated use of net proceeds of the Offering; and the receipt of TSX and other regulatory approvals.

Although Faraday believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements should not be in any way construed as guarantees of future performance and actual results or developments may differ materially. Accordingly, readers should not place undue reliance on forward-looking statements or information.

Factors that could cause actual results to differ materially from those in forward-looking statements include without limitation: market prices for metals; the conclusions of detailed feasibility and technical analyses; lower than expected grades and quantities of mineral resources; receipt of regulatory approval; receipt of shareholder approval; mining rates and recovery rates; significant capital requirements; price volatility in the spot and forward markets for commodities; fluctuations in rates of exchange; taxation; controls, regulations and political or economic developments in the countries in which Faraday does or may carry on business; the speculative nature of mineral exploration and development, competition; loss of key employees; rising costs of labour, supplies, fuel and equipment; actual results of current exploration or reclamation activities; accidents; labour disputes; defective title to mineral claims or property or contests over claims to mineral properties; unexpected delays and costs inherent to consulting and accommodating rights of Indigenous peoples and other groups; risks, uncertainties and unanticipated delays associated with obtaining and maintaining necessary licenses, permits and authorizations and complying with permitting requirements, including those associated with the Copper Creek property; and uncertainties with respect to any future acquisitions by Faraday. In addition, there are risks and hazards associated with the business of mineral exploration, development and mining, including environmental events and hazards, industrial accidents, unusual or unexpected formations, pressures, cave-ins, flooding and the risk of inadequate insurance or inability to obtain insurance to cover these risks as well as "Risk Factors" included in Faraday's disclosure documents filed on and available at www.sedarplus.ca.

This press release does not constitute an offer to sell or a solicitation of an offer to buy any securities in any jurisdiction to any person to whom it is unlawful to make such an offer or solicitation in such jurisdiction. This press release is not, and under no circumstances is to be construed as, a prospectus, an offering memorandum, an advertisement or a public offering of securities in Faraday in Canada, the United States or any other jurisdiction. No securities commission or similar authority in Canada or in the United States has reviewed or in any way passed upon this press release, and any representation to the contrary is an offence.
