

San Lorenzo Gold Corp. Announces Additional Proposed Private Placement

23.02.2026 | [The Newswire](#)

[San Lorenzo Gold Corp.](#) ("San Lorenzo" or the "Corporation") (TSXV: SLG) is pleased to announce that, in connection with its previously announced non-brokered private placement of units for gross proceeds of up to \$15,000,000 priced at \$2.51 per unit (the "Initial Offering" - see San Lorenzo news release dated February 19, 2026), due to strong investor demand, the Corporation is pleased to announce an additional private placement for gross proceeds of up to an additional \$5,000,000 (the "Additional Offering", and together with the Initial Offering, the "Offerings").

The Offerings are fully subscribed.

The Additional Offering, to be completed on a best-efforts basis, will involve the issuance of units ("Units"). Each Unit will be priced at \$2.64 and will consist of one common share of the Corporation ("Common Share") and one-half of a Common Share purchase warrant ("Warrant"). Each full Warrant will entitle the holder to acquire an additional Common Share at a price of \$3.50 for a period of one year from the date of closing.

San Lorenzo may pay a cash commission or finder's fee to qualified non-related parties of up to 6% of the gross proceeds of the Additional Offering payable together with warrants representing 6% of the Common Shares issued in connection with the Additional Offering ("Broker Warrants"). Each Broker Warrant will entitle the holder to purchase one additional Common Share of the Company at a price of \$2.64 for a period of 12 months following closing of the Offerings.

The proceeds of the Offerings will be used to continue exploration efforts on San Lorenzo's flagship Salvadora property as well as for general working capital purposes including the expenses of the Offerings.

The Common Shares, Warrants and Broker Warrants issued pursuant to the Offerings will be subject to a four month and one day hold period. The Offerings remain subject to the approval of the TSX Venture Exchange.

About San Lorenzo

San Lorenzo is focused on advancing its flagship Salvadora property located in Chile's mega-porphyry belt. Results obtained from prior drilling programs conducted on 4 different targets have convinced management that several significant gold and copper enriched epithermal and porphyry style systems are contained within the Salvadora property.
