Toronto, March 2, 2026 - [Excellon Resources Inc.](#) (TSXV: EXN) (OTC Pink: EXNRF) (FSE: E4X2) ("Excellon" or the "Company") is pleased to announce that as a result of strong investor demand, the Company has increased the size of its previously announced "bought deal" private placement (the "Offering") from aggregate gross proceeds of C\$10,000,020 to aggregate gross proceeds of C\$12,999,600. ATB Capital Markets Corp. ("ATB Capital") and Velocity Capital Partners, as co-lead underwriters and joint bookrunners, on behalf of a syndicate of underwriters (collectively, the "Underwriters"), have agreed to purchase (or arrange for substituted purchasers to purchase) 21,666,000 common shares ("Common Shares") in the capital of the Company (the "Offered Shares") at a price of C\$0.60 per Offered Share (the "Offering Price").

The Company and ATB Capital have also agreed to increase the size of the Underwriters' Option (as defined herein), such that the Company has granted the Underwriters an option, exercisable in whole or in part at any time up to 48 hours prior to the Closing Date (as defined herein), to purchase (or arrange for substituted purchasers to purchase) up to an additional 6,670,000 Offered Shares at the Offering Price to raise additional gross proceeds of up to C\$4,002,000 (the "Underwriters' Option").

The Company is also pleased to announce the launch of a concurrent brokered private placement (the "Concurrent Private Placement") with 2176423 Ontario Ltd., a corporation beneficially owned by Eric Sprott, pursuant to which the Company will sell an additional 8,333,500 Common Shares at the Offering Price for additional aggregate gross proceeds to the Company of C\$5,000,100. The Concurrent Private Placement will be completed on a private placement basis pursuant to an available exemption from the prospectus requirements in Canada other than the Listed Issuer Financing Exemption (as defined herein).

The combined aggregate gross proceeds from the Offering (assuming full exercise of the Underwriters' Option) and the Concurrent Private Placement are expected to be approximately C\$22 million. The Company intends to use the net proceeds from the Offering and the Concurrent Private Placement for exploration and development of the Company's projects in Peru, working capital and general corporate purposes, as is more fully described in the Amended and Restated Offering Document (as defined herein).

Subject to compliance with applicable regulatory requirements and in accordance with National Instrument 45-106 - Prospectus Exemptions ("NI 45-106"), up to 21,666,000 Offered Shares will be offered for sale to purchasers resident in each of the provinces of Canada, other than Québec, pursuant to the "listed issuer financing exemption" under Part 5A of NI 45-106, as amended by Coordinated Blanket Order 45-935 - Exemptions from Certain Conditions of the Listed Issuer Financing Exemption (the "Listed Issuer Financing Exemption"). The Offered Shares issued to purchasers resident in Canada pursuant to the Listed Issuer Financing Exemption will not be subject to a statutory hold period in Canada. The Offered Shares may also be offered in the United States or to, or for the account or benefit of, U.S. persons, by way of private placement pursuant to available exemptions from the registration requirements of the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), and in certain other jurisdictions outside of Canada and the United States on a private placement or equivalent basis, in each case in accordance with all applicable laws, provided that no prospectus, registration statement or other similar document is required to be filed in such jurisdiction and that no ongoing reporting requirement or requisite regulatory or governmental approval arises in such jurisdiction. The Offered Shares will be offered for sale to purchasers outside of Canada pursuant to an exemption from the prospectus requirements in Canada available under OSC Rule 72-503 - Distributions Outside Canada and, accordingly, the Offered Shares issued to purchasers outside of Canada are not expected to be subject to a statutory hold period in Canada. The Common Shares issued pursuant to the Concurrent Private Placement will be subject to a four month statutory hold period in Canada.

There is an amended and restated offering document (the "Amended and Restated Offering Document") related to the Offering that can be accessed under the Company's profile on SEDAR+ at www.sedarplus.ca and on the Company's website at: www.excellonresources.com. Prospective investors should read the Amended and Restated Offering Document before making an investment decision.

The Offering and the Concurrent Private Placement are expected to close on or about March 12, 2026, or on such other date as may be agreed to by the Company and ATB Capital (the "Closing Date"). Completion of the Offering and the Concurrent Private Placement are subject to customary conditions, including, but not limited to, the receipt of all necessary regulatory approvals, including the acceptance of the TSX Venture Exchange.

The securities offered have not been, and will not be, registered under the U.S. Securities Act, or any state securities laws, and may not be offered or sold in the United States or to, or for the account or benefit of, persons in the "United States" or "U.S. persons" (as such terms are defined in Regulation S under the U.S. Securities Act), absent registration or an exemption from such registration requirements.
