

Denarius Metals Announces Update On Its Capital Structure

09.03.2026 | [CNW](#)

[Denarius Metals Corp.](#) (Cboe CA: DMET) (OTCQX: DNRSF) ("Denarius Metals" or the "Company") announced today a change in its capital structure in light of the exercises of warrants that have been taking place since the beginning of 2026. To date, the Company has received total gross proceeds of approximately CA\$16.7 million in cash from the exercise of approximately 25 million warrants at exercise prices ranging from CA\$0.60 to CA\$0.66 per share. As at March 6, 2026, the Company had 189,356,286 common shares issued and outstanding and a market capitalization of approximately CA\$206 million⁽¹⁾.

Serafino Iacono, Executive Chairman of Denarius Metals, commented, "We are very pleased with this latest development as it strengthens our balance sheet as we continue to execute our growth strategy in Colombia and Spain. 2026 is shaping up to be a transformational year for us as we ramp up production at our Zancudo Project, shifting from the current early production stage to commercial concentrate production by the end of the third quarter this year. In the current early production stage, we are seeing improvement in daily mining rates which is enabling us to increase the volume of crushed material we are shipping to Trafigura to generate cash flow from the Zancudo Project. Last month, we shipped 581 tonnes of material to Trafigura, up from 400 tonnes in January. Grades in the last two months have averaged approximately 10 g/t gold and 200 g/t silver. We are in the process of installing a new mill at the Independencia Mine site that will expand our crushing capacity to handle the ramp up in tonnes mined from our ongoing development program while the construction of the new concentrate processing plant is underway. In Spain, we are making progress on the joint venture-level financing for the restart of operations at the Aguablanca Project and expect to commence the restart activities in the second quarter this year."

As at March 6, 2026, the Company had the following securities issued and outstanding:

Securities	Cboe Canada Number	Shares	Exercise price	Expiry	
	Symbol	Issuable	per share	or Maturity

About Denarius Metals

Denarius Metals is a Canadian junior company engaged in the acquisition, exploration, development and eventual operation of precious metals and polymetallic mining projects in high-grade districts in Colombia and Spain. Denarius Metals is listed on Cboe Canada where it trades under the symbol "DMET". The Company also trades on the OTCQX Market in the United States under the symbol "DNRSF".

In Colombia, Denarius Metals is producing gold and silver in an "early production" phase at its 100%-owned Zancudo Project while it completes construction a 1,000 tonnes per day processing plant that is expected to start producing high-grade gold-silver concentrates by the third quarter of 2026. The Zancudo Project is a high-grade gold-silver deposit, which includes the historic producing Independencia mine, and is located in the Cauca Belt, about 30 km southwest of Medellin.

In Spain, Denarius Metals has interests in three projects focused on in-demand critical minerals. The

Company owns a 22% interest in Rio Narcea Recursos, S.L. and is the operator of its Aguablanca Project, which has been recognized by the EU as a Strategic Project. The Aguablanca Project comprises a turnkey 5,000 tonnes per day processing plant and the rights to exploit the historic producing Aguablanca nickel-copper mine, located in Monesterio, Extremadura. Denarius Metals also owns a 100% interest in the Lomero Project, a polymetallic deposit located on the Spanish side of the prolific copper rich Iberian Pyrite Belt, approximately 88 km southwest of the Aguablanca Project, and a 100% interest in the Toral Project, a high-grade zinc-lead-silver deposit located in the Leon Province, Northern Spain.

Additional information on Denarius Metals can be found on its website at www.denariusmetals.com and by reviewing its profile on SEDAR+ at www.sedarplus.ca.

Cautionary Statement on Forward-Looking Information

This news release contains "forward-looking information", which may include, but is not limited to, statements with respect to anticipated business plans or strategies, including the ramp up of production and commencement of commercial concentrate production at the Zancudo Project and the timing for the commencement of restart activities at the Aguablanca Project. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", or "believes" or variations (including negative variations) of such words and phrases, or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Denarius Metals to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Factors that could cause actual results to differ materially from those anticipated in these forward-looking statements are described under the caption "Risk Factors" in the Company's Annual Information Form dated March 31, 2025 which is available for view on SEDAR+ at www.sedarplus.ca. Forward-looking statements contained herein are made as of the date of this press release and Denarius Metals disclaims, other than as required by law, any obligation to update any forward-looking statements whether as a result of new information, results, future events, circumstances, or if management's estimates or opinions should change, or otherwise. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, the reader is cautioned not to place undue reliance on forward-looking statements.
