

Midnight Sun Files Technical Report for Kazhiba Main Copper Oxide Project

09.03.2026 | [GlobeNewswire](#)

VANCOUVER, March 09, 2026 - [Midnight Sun Mining Corp.](#) (TSXV: MMA / OTCQX: MDNGF) ("Midnight Sun" or the "Company") announces that, further to its news release dated January 20, 2026, it has filed a Technical Report for its Kazhiba Main copper oxide project located in Solwezi, Zambia.

The technical report was prepared by DMT Kai Batla PTY Ltd. in accordance with National Instrument 43-101- Standards for Disclosure for Mineral Projects. It has an effective date of January 20, 2026, with Ms. Mpai Motloung acting as the main author and Mr. Dexter Ferreira as the Qualified Person. The technical report titled "NI 43-101 Mineral Resource Estimate Technical Report on Kazhiba Main Copper Oxide Project, Solwezi, Zambia" has been filed on the SEDAR+ website at www.sedarplus.ca and will be posted on the Company's website at www.midnightsunmining.com.

About Midnight Sun

Midnight Sun is rapidly advancing the Solwezi Copper Project, with a focus on our flagship Dumbwa Target. The Project is located near the town of Solwezi in the heart of the Zambia-Congo Copperbelt, the world's second-largest copper-producing region. This prolific mining district hosts multiple major copper deposits, and benefits from excellent infrastructure, an established mining workforce, and a long history of successful production.

Led by an experienced geological team with a proven track record of major discoveries in the Zambia-Congo Copperbelt and globally, Midnight Sun's goal is to delineate Zambia's next generational copper deposit.

ON BEHALF OF THE BOARD OF MIDNIGHT SUN MINING CORP.

Al Fabbro
President & CEO

NEITHER THE TSX VENTURE EXCHANGE NOR ITS REGULATION SERVICES PROVIDER (AS THAT TERM IS DEFINED IN THE POLICIES OF THE TSX VENTURE EXCHANGE) ACCEPTS RESPONSIBILITY FOR THE ADEQUACY OR ACCURACY OF THIS NEWS RELEASE.

This news release contains "forward-looking statements" and "forward-looking information" (collectively, "forward-looking statements") within the meaning of applicable Canadian securities legislation. Forward-looking statements in this news release include, but are not limited to, statements regarding the Company's plans and expectations for future exploration and development activities. Such forward-looking statements are based on various assumptions and factors that may prove to be incorrect, including but not limited to assumptions about; copper prices; exchange rates; processing and recovery rates that can be achieved; mining and processing costs; the results of future metallurgical testwork; the ability to obtain necessary permits and approvals; the availability of financing; and general business and economic conditions.

Forward-looking statements involve known and unknown risks, performance uncertainties and other factors which may cause the actual results, or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such

risks and uncertainties include, among others: the mineral resources disclosed herein are not mineral reserves and do not have demonstrated economic viability; there is no assurance that the mineral resources can be converted into mineral reserves; the assumptions underlying the mineral resource estimate, may not be accurate or achievable; there is no assurance that the assumed mining method, processing method, or recovery rates can be achieved; no metallurgical test work has been completed on the Kazhiba Main Copper Oxide Project and actual recoveries may differ materially from the assumptions used; fluctuations in copper prices and exchange rates; increases in mining, processing, or capital costs; the preliminary and conceptual nature of the economic assumptions and pit shell parameters; risks relating to the timing and ability of the Company to obtain regulatory approvals; risks relating to the Company's ability to monetize the deposit or obtain financing; risks inherent in mineral exploration and development; the availability of contractors and equipment; geopolitical risks; environmental risks; community and non-governmental actions; political risks; and the global economic climate. The Company cautions that the foregoing list of factors is not exhaustive. Further information regarding risks and uncertainties is included in the Company's continuous disclosure filings available on SEDAR+ at www.sedarplus.ca. The Company does not undertake, and assumes no obligation, to update or revise any such forward-looking statements or forward-looking information contained herein to reflect new events or circumstances, except as may be required by law. Readers are cautioned not to place undue reliance on forward-looking statements.
