Edmonton, March 13, 2026 - [Peruvian Metals Corp.](#) (TSXV: PER) ("Peruvian Metals" or the "Company") is pleased to announce that it has increased the size of its non-brokered private placement previously announced on March 12, 2026, due to increased shareholder and investor demand. The Company will now raise gross proceeds of up to \$1,050,000 via the issuance of 7,000,000 units at a price of \$0.15 per unit, each unit being comprised of one common share and one-half non-transferable share purchase warrant.

Each warrant will entitle the holder to acquire one additional common share of the Company at a price of \$0.20 per common share for a period of two years following the closing date. The warrants will be subject to an acceleration clause; in the case that market price for the Company's common shares is equal to or greater than \$0.40 per share for a period of five consecutive trading days at any point during the term of the warrants, then the Company may deliver a notice that the warrants must be exercised within thirty days from the date of delivery of such notice.

The common shares, warrants, and any shares issued on the exercise of warrants will be subject to a hold period expiring four months and one day following the date of issue. Finders fees of 7% (or such other amount as determined by the Company) may be paid to arm's length finders in cash and/or finders warrants on some or all proceeds raised in the private placement. Completion of the private placement is subject to final approval of the TSX Venture Exchange.
