#### Forward-Looking Statements

This news release contains "forward-looking information" and "forward-looking statements" (collectively, "forward-looking statements") within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical fact, are forward-looking statements and are based on expectations, estimates and projections as at the date of this news release. Any statement that discusses predictions, expectations, beliefs, plans, projections, objectives, assumptions, future events or performance is a forward-looking statement. Forward-looking statements in this news release include, but are not limited to, statements with respect to: the Company's exploration plans and timelines, the Company's intentions in relation to advancing its properties, the potential for resource development and commercialisation of the Company's projects; and the analyst's target price and valuation estimates.

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking statements. Such factors include, but are not limited to: general business, economic, competitive, political and social uncertainties; fluctuations in copper and other metal prices; the results of exploration activities; risks related to foreign operations; and other risks detailed in the Company's continuous disclosure filings. There can be no assurance that the analyst's target price or valuation estimates will be achieved. The Company cautions that the foregoing list of factors is not exhaustive. Readers are cautioned not to place undue reliance on forward-looking statements. The Company does not undertake to update any forward-looking statements, except in accordance with applicable securities laws.
