

Empire Metals Limited Announces Final Results for the year ended 31 December 2025

23.03.2026 | [ACCESS Newswire](#)

Final Results for the year ended 31 December 2025

[Empire Metals Ltd.](#) ("Empire" or "the Company"), the AIM-quoted and OTCQX-traded exploration and development company, announces its final results for the year ended 31 December 2025.

The annual report and accounts for the year ended 31 December 2025 will be posted to shareholders today and will be available for download shortly from the Company's website: www.empiremetals.com.

Highlights

- Released a maiden JORC Mineral Resource Estimate ("MRE"), reporting a total of 2.2 billion tonnes grading 5.1% TiO₂ for 113 million tonnes of contained titanium dioxide; and
- Achieved a very high-purity TiO₂ product, assaying at 99.25% TiO₂, through conventional beneficiation, leaching and refining processes; and
- Successfully raised a total of £11.5m, significantly strengthening our balance sheet and shareholder basis; and
- The Company's shares were added to the FTSE AIM 100 index, effective 22 September 2025; and
- Awarded the Exploration Discovery of the Year Award at Resourcing Tomorrow's Outstanding Achievement Awards Ceremony, in London, for its Pitfield titanium project.
- Strong cash position as at 20 March 2026 of £8.4 million.

Shaun Bunn, Managing Director, said: "2025 was a transformational year for Empire Metals. We successfully delivered our maiden MRE at Pitfield, reporting a total of 2.2 billion tonnes grading 5.1% TiO₂ for 113 million tonnes of contained titanium dioxide, confirming the unique scale and quality of the Project. We also achieved a very high-purity TiO₂ product, which further endorsed Pitfield's potential as a strategically significant source of feedstock for titanium metal production.

Following two successful fundraises, we remain in a robust cash position with a strengthened shareholder register that will support us on our accelerated path to the commercialisation of the Project."
