HONG KONG, March 26, 2026 - [SouthGobi Resources Ltd.](#) (TSX-V:SGQ)(HK:1878) ("SouthGobi" or the "Company") wishes to inform its shareholders and potential investors that, based on the preliminary assessment of the Company and its subsidiaries' (the "Group") unaudited management accounts for the year ended December 31, 2025 ("FY2025") and the information currently available to the Company, it is expected that the Company would record a net loss attributable to equity holders of the Company between approximately US\$151.9 million and US\$185.6 million for FY2025, as compared to a net profit attributable to equity holders of the Company of approximately US\$92.5 million for the corresponding period in 2024. The expected net loss attributable to equity holders of the Company for FY2025 was mainly attributable to (i) the decrease in average realised selling price in FY2025 as compared to the prior financial year; (ii) the change in product mix year-over year, as the Company sold more processed coal with higher production costs; and (iii) impairment losses on coal stockpiles and cash generating units of approximately US\$77.3 million and US\$42.0 million respectively.

As at the date of this announcement, the Company is still in the process of preparing and finalizing its financial results for FY2025. The information contained in this announcement is based on the preliminary assessment of the information currently available to the Company and the unaudited management accounts of the Group, which have not been reviewed or audited by the Company's auditors and may be subject to adjustments.
